

'Hell Bomb' Can K.O. World's Biggest City

Secrecy Curtain Parted

Strauss Tells Some Details Of H-Blasts

By ELTON C. FAY
WASHINGTON (AP) — Lewis Strauss, chairman of the Atomic Energy Commission, said this nation now can make hydrogen bombs so stupendously powerful that one can "destroy the biggest city."

The two new hydrogen weapons tests have added an "enormous" potential to American military strength, he revealed.

Strauss also touched indirectly on the current wave of atomic jitters, chiefly abroad, in which fears have been expressed that a "runaway" H-bomb might trigger a chain reaction that would result in an end-of-the-world blast.

Asked if it is possible that a hydrogen explosion might get out of control, Strauss replied: "I am informed by the scientists that that is impossible."

AT NEWS CONFERENCE

Appearing at a White House news conference with President Eisenhower, the AEC chief did two things:

1. Gave an official estimate of the destructive force of the new thermonuclear bomb. He said it is impossible to "destroy," "take out" even the vast metropolitan area of New York. Later he said he meant "put a city out of commission, not level it." Thus he used several descriptive phrases, leaving his listeners a choice.

2. Read a formal statement, the object of which appeared to be to allay fears at home and abroad about the two H-bomb tests conducted this month. Reaction is mounting in several nations, including Japan and England. A full-scale debate in Britain's Parliament on the subject of hydrogen bombs is scheduled.

Strauss told newsmen both the March 1 and March 26 hydrogen "shots" were successful; that no test is made without a definite purpose of improving military strength and readiness and that "there are no idle or wanton tests."

Of the March 1 blast, which flung fission ashes far outside the then established safety zone around the Marshall Islands proving grounds in the Pacific, Strauss insisted that reports of this explosion going out of control were exaggerated and mistaken. He commented:

Never Out Of Control

"I would not wish to minimize it. It was a stupendous blast in the megaton range, but at no time was the testing out of control."

(A megaton is energy equaling that produced from an explosion of a million tons of standard TNT. The first atomic bomb was measured as 20 kilotons, or 20,000 tons.)

Strauss said "the misapprehension seems to have arisen due to two facts: First, that the yield was about double that of the calculated estimate—a margin of error which, I submit, is not incompatible with a totally new weapon." Error in estimates on the first atomic bomb was even greater, he said. The second cause of misapprehension said the chairman, arose from reports of the extent of the "fall-out" of radioactive material.

Questioning converged on the power of the hydrogen explosive. "How big is the area of destruction?" Strauss said:

"Well, the nature of an H-bomb is that, in effect, it can be made as large as you wish, as large as the military requirement demands; that is to say, an H-bomb can be made large enough to take out a city, to destroy a city."

How big a city?

"Any city."

New York?

"The metropolitan area, yes."

The National Geographic Society says the metropolitan area of New York covers 3,550 square miles.)

Quick-Thinking Saves Dog's Life
Tanja Roberts, 10, of 1544 Nemaha, holds her Dachshund, Badger, whom she saved from death when she took a piece of meat the dog was eating away from him. An analysis of the meat proved that it contained deadly strychnine poison. Police are still searching for the dog-poisoner who has been active in the Roberts' neighborhood recently. (Star Photo.)

York Group Asks Crosby For Signs OK

A delegation headed by Raymond Ronne, Luskton, chairman of the York County Farm and Home Safety Committee, appealed to Gov. Robert Crosby for permission to erect four warning signs in the Benedict School area along U. S. 81 highway.

The State Highway Department had refused permission to erect the signs reading, "Unlawful to pass school bus from either direction."

Robert Meyer, state traffic engineer, explained that the growing traffic safety problem posed by the increasing number of school buses is school bus "turnouts" rather than stop signs.

He urged local school districts to take the lead in grading and graveling roadside areas for the buses to load and unload. He said the turnout would eliminate the hazard of buses stopping on the highway.

Meyer said signs such as those proposed would promote traffic jams and rear end collisions by halting the normal flow of traffic. He said he would consider a warning sign urging drivers to be careful in the vicinity of school buses.

Crosby-Addresses Professors' Group

"We all are teachers, whether we like it or not," Gov. Robert Crosby said at the spring meeting of the Nebraska Chapter, American Association of University Professors at the Student Union Wednesday night.

He discussed problems of state government which are related to problems of educating the public, including:

1. The problem of public education. "Something ought to be done to accelerate redistricting and raise teaching requirements."

2. The "most vexatious problem—one I didn't anticipate when I campaigned for governor—the property tax system. Here we must teach people how the tax system works, and help them see their country in the proper perspective, and understand long-needed constitutional amendments regarding the tax base."

3. The "most dramatic problem in Nebraska: traffic safety. Public interest in this has increased the past few months, perhaps because the traffic fatality rate was so high recently, and enforcement methods are being improved."

4. The problem that "has solved itself best: the highway problem. Presenting to the public a two-year program for highway improvement has made the program much more acceptable."

Health and freedom found

SCIENCE AND HEALTH
with Key to the Scriptures by MARY BAKER EDDY

is showing multitudes of thankful men and women how to find health and freedom—how to pray the healing prayer of understanding. How to know the Truth which will "make you free," as Jesus promised. Nothing in Christ Jesus' entire ministry said his healing method was for then but not for now.

Christian Science has come as the promised Comforter to restore the lost element of healing to modern religion. It shows the sick, as well as others in need of help, how to claim and have their God-given freedom from fear, sickness, and lack.

Science and Health may be read, borrowed, or purchased at any Christian Science Reading Room, or send \$3 and a copy will be mailed postpaid.

Fire Kills 10 Pupils

CHEEKTOWAGA, N. Y. (AP)—Fire of explosive force ripped through the frame annex of the Cleveland Hill Elementary School Wednesday, burning out the lives of 10 sixth grade pupils.

Nineteen pupils and three teachers were burned or injured, some seriously.

Hundreds of other youngsters, ranging from kindergarten tots to high school seniors, escaped injury although they were attending classes in new brick buildings only yards away.

The bodies of the victims were found pressed hopelessly against what was left of the window wall of the room in which they had been attending a music class. Scattered around them were smashed phonograph records and scraps of charred sheet music.

Committee OKs Evidence Gotten By Wire-Tapping

WASHINGTON (INS)—The House Judiciary Committee approved an "anti-tyrant" bill to legalize federal court use of evidence obtained by wire-tapping against spies, subversives and saboteurs.

Congressional passage of the legislation, recommended by Attorney General Herbert Brownell Jr., could lead to a retrial for Judith Coplon, the former government girl whose espionage conviction was overturned because wiretap evidence was used against her.

Jehovah's Meeting Will Draw 1,000

Approximately 1,000 persons are expected to be in Lincoln this weekend for the Jehovah's Witnesses assembly of ministers. Twenty congregations from eastern Nebraska will convene at the State Fairgrounds Friday through Sunday.

J. H. McLaughlin, presiding minister of the Lincoln congregation, said the featured speaker will be C. W. Rieger, district supervisor from New York headquarters of the Watchtower Bible and Tract Society. Rieger is also overseer of a nine-state midwestern district.

The assembly will open at 7 p.m. Friday with Rieger's keynote address. He will also speak Saturday night and deliver his principal address at 3 p.m. Sunday. Other sessions will be held all day Saturday and Sunday.

Shafer Discusses Cartoon Character

The light-hearted wanderings of J. Wesley Smith, history's cartoon common man, were described by the character's creator, Burr Shafer, at a Lincoln Dinner Club banquet Wednesday night at the Cornhusker Hotel.

Shafer, whose cartoons are regular features in the Saturday Evening Post, told of the many antics of some of his cartooning brethren who are "some of the few absolutely irresponsible people left on this earth."

Staying in a humorous vein throughout his address, Shafer made liberal use of large charcoal drawings of J. Wesley. About 200 club members heard the address.

Beck Asks Court To Reverse Fee Awarded To White

Attorney General C. S. Beck Wednesday filed briefs in the Supreme Court asking reversal of the award of \$80,000 attorney fees to Paul W. White as "greatly excessive" in the Fred Ebke suit against the State Board of Educational Lands and Funds.

Robert Nelson, assistant attorney general, contended in the brief that the Ebke litigation was conducted for his person's benefit and not for the benefit of the school land trust fund. He also argued that the public fund was created by terms of a grant from the federal government and by provisions of the state Constitution is not subject to the payment of expenses and attorney fees.

Nelson contends that there was no fraud created or preserved by the Ebke litigation and that it was a class action rather than a taxpayer's action.

The case was heard in Lancaster County by District Judge H. Emerson Kojak of Wahoo, who fixed the fees to be allowed.

A Cappella Choir Of Union College On Midwest Tour

The Golden Chords Choral, an a cappella choir directed by J. Wesley Rhodes of Union College left Thursday on tour for a series of sacred concerts in the states of Iowa, Minnesota, North Dakota and South Dakota.

This is the seventh season for the group to tour the midwestern states. The tour is from April 1 to 6.

Johnson Road Group Formed

Lincoln Star Special
STERLING, Neb. — The first road improvement district in Nebraska may become a reality in Johnson County.

Four farmers from Sterling Precinct have been named as a temporary board to draw up and circulate a petition among rural landowners proposing that the question of setting up the district be voted on at a special election.

The special election will be held if 10 per cent of the resident landowners sign the petition. A 55 per cent vote in favor of the project would be needed to establish a road district. The district would also elect a three-member board of trustees at the same time the proposal itself is voted on.

Johnson County's first road improvement district would include a 77-square-mile area in the northwest corner of the county.

E. G. Ross Rites To Be Held Friday

Services for Elliott G. Ross, 67, 5140 Prescott, will be at 1:30 p.m. Friday at the Lutheran Church in Walton, the Rev. Foster Cress officiating.

Mr. Ross, a retired penitentiary guard, died here Tuesday.

Surviving are his sons, Henry G. Lawrence, W. and Leroy, all of Lincoln; daughter, Mrs. Marjorie Zenevski of Neenah, Wis.; brothers, Fred, George and John, all of Lincoln; a sister, Mrs. Anna Mohrhoff of Adams, and eight grandchildren.

Burial will be in Sterling.

News Around The Globe

'Active' Snow Falls Pfc. Floyd Guilty

BILLINGS, Mont. (AP)—A consulting geologist, Chuck Hauptman, working with a geiger counter said radioactive snow has fallen south of Billings. Hauptman and a colleague, Donald Todd, said the radioactive snow resulted from a March 1 hydrogen bomb test in the South Pacific. Hauptman said the element of danger in the snow was "practically nil."

In Cambridge, Mass., scientists at Massachusetts Institute of Technology reported slight signs of radioactivity in the air since March 10.

'Little Returned'

WASHINGTON (AP)—A Congressional group charged that the Army with "inexcusable disregard" for tax money, had wheeled 103 million dollars from Congress in four years for "overcoats which it did not need and did not buy."

Now, four years later, the Government Operations Subcommittee said, the Army does not know how the money was spent but indications are "very little was returned to the treasury."

Tension Mounting

JERUSALEM (AP)—Reports of Palestine border shootings and of Arab and Israeli troop movements heightened tension in the Holy Land Wednesday.

The Jewish Telegraph Agency said Arab Legion troops in full battle dress moved into the Jordan-held old city of Jerusalem and began digging fortifications.

Dulles Accused

MOSCOW (Thursday) (AP)—The Soviet Foreign Ministry contended today that Secretary of State Dulles agreed at Berlin that Communist China should meet with other powers in Geneva on an equal footing and now is trying to back out of this.

The ministry statement published in Pravda accused Dulles of making a deliberate misstatement of Molotov's position on the Geneva conference with regard to Communist China's ranking.

FT. LEAVENWORTH, Kan. (INS)—An 11-officer general court Wednesday night acquitted Pfc. Rothwell B. Floyd, Chicago, of murdering a fellow prisoner of war in Korea but found him guilty of three other major counts, one of which could draw the death penalty.

The court, which deliberated nine hours, found the Chicago soldier guilty of slapping a lieutenant colonel in a POW camp in North Korea. The court had previously ruled that Floyd's slapping action was "committed in war time." This is a capital offense, according to the Uniform Code of Military Justice.

Blast Kills 4

SANTA RITA, N. M. (INS)—Four Silver City men were killed instantly and a fifth critically injured when a truck loaded with 800 pounds of explosives blew up at the Kennecott Copper Company's open pit mine at Santa Rita.

Building May Be Diverted From Large-City Targets

WASHINGTON (INS) — The Eisenhower administration has asked Congress to give housing authorities drastic power to divert new home construction from large cities to reduce effects of any hydrogen bomb attack on the U. S.

This was disclosed in an Office of Defense Mobilization statement published by the House Banking Committee in the wake of a warning by Atomic Energy Commission Chairman Lewis L. Strauss that an H-bomb can be built "large enough to destroy any city."

Under the three-point federal program outlined by Lt. Gen. Willard S. Paul (ret.), assistant ODM director, it may be possible for the Federal Housing Administration to reject a proposed housing project if it increases the target value of a large city.

The legislation to which Paul referred is included in President Eisenhower's housing bill now pending in Congress.

It states that the housing agency and other federal units dealing with housing matters "shall exercise such powers, functions or duties in such manner as . . . will facilitate progress in the reduction of the vulnerability of congested urban areas to enemy attack."

Rural Signs Permission Is Refused

The Lancaster County Board has denied the application of the Cornhusker Rural Directory Service for permission to erect directory signs on the public rights-of-way.

The board action noted that the service has apparently abandoned its original request.

The board had offered permission to the public as the "Lancaster County Locator System" during lengthy discussions with the firm's representatives.

Approval was also given to a resolution introduced by Commissioner Chris Kuhnner which would require special deputy sheriffs on duty at dance halls in the county to visibly display their badges and be in uniform which will be different from that of the sheriff's office. Effective date is May 1.

Approval of most dance-hall operators was indicated.

An inquiry as to the status of a county road across land being acquired for the relocation of the Lincoln Naval Air Station was made to the board.

County officials said they understood the road would be covered in federal condemnation proceedings, advising the Navy spokesman to check with the Corps of Engineers or the U.S. District Attorney's office at Omaha.

nerability of congested urban areas to enemy attack."

Sweeping Power
Paul said the administration's defense housing plans contemplate the following actions:

1. Congress will give housing administrator Albert M. Cole sweeping authority to make his program conform to a policy that will "facilitate progress in the reduction of the vulnerability of congested urban areas to enemy attacks."

2. Congress will provide five million dollars to help towns with populations less than 25,000 make plans so there will be less

population congestion. The report called the aim: "Lowered urban vulnerability on a metropolitan basis."

3. Housing and defense officials will make studies to establish the vulnerability of cities and then make existing housing programs conform to the results of the investigation. Paul said this was already under way and if new legislation is needed it will be requested.

Housing 'Authorized'
WASHINGTON (A) — President Eisenhower and House speaker Martin (R-Mass) struck

through a fog of confusion to declare that the House in effect has authorized construction of 35,000 public housing units in the next year.

Others, among them Chairman Taber (R-NY) of the House Appropriations Committee, had contended that House action Tuesday in knocking out a 20,000-unit limit had killed any provision for new starts. Without that, Taber said, "the housing program will be dead."

President Eisenhower has recommended construction of 35,000 units a year for each of the next four years.

Martin said 35,000 units could be constructed in the year starting July 1 under authority of laws passed in previous years. And he said Republicans would move to amend an omnibus housing measure now pending before the House to authorize another 35,000 units the following year.

The speaker said that was satisfactory to the Eisenhower administration. He said the administration had no objection to taking up the later years on a year-by-year basis.

Wholesalers and retailers in Lincoln made the eight-cent-per-pound cut last week in anticipation of the parity price drop.

Dwayne Kushner, president of the Lincoln Food Retailers Association, said that the average price of top grade butter will be about 67 cents per pound and 69 cents per pound of cubed butter.

"The only difference in prices now will not be determined by any change in the parity price, but will be determined by the law of supply and demand," Kushner said.

Butter dropped in Lincoln stores last week from a 78 to 79 cent level to the present retail prices.

Lincoln processors made the first cut of five cents per pound last week and the second cut of three cents Monday.

Although there has been a lot of "59 cent butter" talk, Kushner said, no Lincoln grocers will offer butter at that price.

"That doesn't mean that some stores won't sell butter for a nickel a pound—or 59 cents—or any other price. But that is selling below cost for a promotion stunt," Kushner added.

According to the International News Service, housewives throughout the nation have been taking advantage of the government cut in parity as most grocers

and wholesalers put the new price into effect on Monday.

(Democratic Senators Humphrey of Minnesota and Kefauver of Tennessee joined forces Wednesday in an attempt to prevent the scheduled drop in government dairy supports.)

(Republican Leader Knowland of California was asked to allow Senate consideration of voiding the act and to permit a vote to suspend Sec. Benson's order while dairy legislation is worked out. Knowland said that legislation is already before committees.)

One of the larger dairies in Lincoln gave grocers credit for any inventories of high cost butter they had on hand. Most grocers, Kushner said, get day-to-day service in Lincoln and keep only small inventories so no grocer was caught with a large supply of higher cost butter.

The cut in the parity price had its first effect on butter, but Kushner says that within the next 30 days, shoppers can expect a one-cent-per-quart drop in the price of milk, a seven cent cut in the price of cheese, and a drop in ice cream prices due to the cut in cream prices.

On the Chicago wholesale market Wednesday, cash butter prices dropped one to three and one-half cents a pound to the lowest level of June, 1950, in anticipation of the new support level.

The government had been paying a support price of 66 and one-half cents but effective at midnight Wednesday the price was cut to 58 and one-fourth cents per pound.

The Real McCoy—No Foolin'

A news story in the Wednesday morning Star indicates that the 29th anniversary of Nebraska's state gasoline tax falls on Thursday, April 1.

That is no joke.

For better or for worse, what Nebraska has in the way of a highway system at this time can be credited very largely to the imposition of the gasoline tax. It produced an approximate \$3 millions the first year. At the present time, total annual collections of the tax aggregate approximately \$28 million. It is the

chief source of revenue for maintenance of Nebraska's present highways, for new construction, including both primary and secondary roads, and for such county highways not included within the secondary system.

Over the span of years, ended with 1953, there has been paid into the gasoline tax fund \$430 millions, roughly. In those figures may be seen the foundation of Nebraska's highway system. Probably no actively over a period of years has been financed largely less punctually and with less grumbling by those who have borne the burden.

More Than Lip Service

Secretary of Agriculture Benson talks endlessly of new markets and new uses for farm commodities.

If there are to be new markets for food, granting that American eating standards, high as they are, still leave something to be desired, in a very real sense the market for surplus farm products is abroad among the hungry, undernourished masses of Europe and Asia.

It is here that the President and the Eisenhower administration come to the real challenge of their leadership. The Chief Executive Tuesday asked Congress for broader authority to cut tariffs as the heart of a bold program which he insisted would bolster the security and economic growth of America and its allies.

Mr. Eisenhower is very tardy—very, very late in moving in this direction. Here it is, the opening day of April, and since the first of the year powerful forces and groups have been busy back in Washington cutting the living daylight out of the reciprocal trading agreement program. Mr. Eisenhower set up one of many study commissions he created—this one headed by Clarence Randall of Chicago, president of Inland Steel. The Randall report has been kicking around in the White House since January 23, when it was presented to the President. It embodies both a majority and a minority recommendation. There was no meeting of minds within Mr. Eisenhower's picked commission on the broad subject of foreign trade.

More important, since it gathered in Washington, Congress itself has been under heavy pressure to terminate the reciprocal trading program and to substitute stifling trade barriers in the form of increased tariff duties. We are inclined to think that Chairman Randall, disclosing that the commission which he

headed was divided 14 to 3, was on sound ground when he said that the most significant thing was not the minority finding but the fact that there could be such general agreement.

Even more significant is the fact that with the return of the Republican party to power in Congress, many of its members still cling to the old traditional orthodox Republican principle of high protection. Mr. Eisenhower departs from this. Congress subscribes to it. It will take a lot of doing on the President's part to lead the members of his party in Congress in a direction to which they themselves are opposed.

And on that decision, it should be recognized, much depends in the bearing on the soundness of America's economy.

The Same Sauce

Private grain elevator operators have indicated that they would not object to expanding their capacity to handle the present over-run of grain provided they had some solid assurance that they could justify the investment by long pull use.

What they are getting at is that it would be poor business to invest private money in installations to serve what may be temporarily a national convenience unless they could guarantee investors that the government would not let them down after the momentary pressure is relieved.

No one can criticize them for that. A government that would promote its convenience and refuse to assure permanent use of the added capacity would not be playing fair.

But the same problem is confronting the farmer. He is being urged to borrow federal funds to build granaries of his own. He is also a private operator. If he adds to his capital outlay in the form of a building he must justify it by being sure that it will be employable year after year throughout its life. If he does not he is apt to have an empty building on his hands and that means a serious loss.

But a Department of Agriculture that has avowed its intention to cut back its farm program and to abolish surpluses by getting farm income down does not seem to understand that it is doing the farmer the disservice that the grain operators fear will happen to them if they add storage capacity.

Had It Before

To many thoughtful Americans the intolerance and disregard for calm thinking as demonstrated by McCarthyism is a sign that our democratic system has lately lost a precious ingredient—something irrecoverable.

They can be comforted. There has always been McCarthyism under one form or another. In the long run it never got very far. A sense of justice and tolerance has always prevailed in the end and periods of history marred by distasteful behavior are not held up for later generations to view and admire. A brief look at the Know-Nothing movement, circa 1840, is an excellent example. America chooses not to remember it. But it was a shabby uprising against immigration, accompanied by low political blows and street gutter brutality.

America is not a place that overly restricts speech and action or that outlaws disagreeable people. It is just a place that believes, with plenty of supporting evidence, that wrong causes will destroy themselves, which is the best way of getting rid of them.

Self-Defeating Bomb

The latest H-bomb test evidently succeeded beyond expectation and for once the country's head men had little to say. Apparently things are getting out of hand.

This much is obvious. Civilization never before produced such a self-wrecker. The only defense that now offers itself is dispersal—every man to his own cave. The thing is getting fantastic. When people quit living together because they dare not, then civilization faces just as hard a problem as if the bomb were blowing it apart. Either way it is disorganization.

Perhaps now we have reached the right stage. When a bomb gets so potent that one can't be a civilized man whether it is dropped or not then there should be no objection anywhere toward a complete outlawing of it.

Who can win with it? If one nation drops it to get final control of the earth it would never dare to use it again against itself and whatever control was first gained would be self-defeating, and no nation could hold possession of the earth that way.

Public Will Be Shown H-Bomb Devastation

WASHINGTON—On direct orders of President Eisenhower, the veil covering the H-bomb will be lifted next week and the public will get its first glimpse of a hydrogen explosion. However, this column is able to give a word preview of the horrible holocaust, which must be seen in technicolor to be fully appreciated.

What the public will see is a tremendous fireball, filling the horizon with flame and smoke. This was the world's first hydrogen blast, the one that plunged a rocky atoll 175 feet down through the ocean floor on Nov. 1, 1952. Yet it was a mere firecracker compared to the latest hydrogen explosion exactly one month ago today.

The public will be shown the feverish preparations for the first H-blast. They will see a black, two-story structure atop a lonely atoll. This was known as the I-house, which housed the hydrogen device.

Then the cameras will show a control ship about 10 miles out to sea from the archipelago, about 35 miles from the fateful atoll. The public will watch while the control switches are pulled.

Then the horizon flames up, and a monstrous fireball takes shape. The announcer explains that the fireball, alone, is three miles in diameter, though it is only the red eyeball of the blast. It is then superimposed over New York City, showing how the center of Manhattan from Washington Square to Central Park would be turned into a fiery furnace, and the rest of the city would be devastated by shock and heat waves.

POISONOUS GEYSER

The fireball finally erupts into a geyser of smoke 25 miles high and forms the familiar mushroom cloud. Some scientists have suggested that it ought to be called

a loadstool cloud, because it is deadly, poisonous.

Most fearful result of a hydrogen explosion, scientists say, is what they call a heavy "falling off." This means the shower of radioactive ash that rains down over the area. In an atomic explosion, the radioactive residue is scattered in a fine spray that has a tendency to stay up in the atmosphere until it dissipates. A hydrogen blast, however, not only throws the radioactive poison over a wider area, but the particles are heavier and fall as literal fire-drops from the sky, searing whatever they touch.

As the final scene of the 28-minute hydrogen film, the camera returns to the site of the grim, black H-house. The atoll on which it once stood has disappeared, and the audience is told all that remains is a 175-foot hole in the ocean bottom. The announcer's voice describes the hole as large enough to swallow up 18 Pentagon buildings.

This sobering film was cleared by the Atomic Energy Commission six months ago. President Eisenhower, himself, approved of its release to the public. But the Army and Navy raised such a clamor that the President changed his mind and kept it classified. The generals and admirals didn't want it released before their appropriation hearings, for fear some congressmen might get the idea that the H-bomb had outmoded massive land armies and Navy task forces. At the prodding of Civil Defense Boss Val Peterson, however, the President finally overruled the Army and Navy.

What makes the film shocking, however, is the fact that it shows only a baby H-bomb. The March 1 blast was four to five times more powerful with a fireball larger than the entire area of destruction at Hiroshima and Nagasaki.

(Copyright 1954 by Bell Syndicate)

BISHOP FULTON J. SHEEN

CHAPTER XVI

(Those who would escape the impact of the Beatitudes say that Christ was a creature of His time, not ours. But Christ was not of His day any more than of our day. In yesterday's installment Bishop Sheen also said that the key to the Sermon on the Mount was the way Christ used two expressions: "You have heard" and the word "but" . . . Also "if it is wrong to do a certain thing it is wrong to think about that thing," contending Our Lord. Prevent the sowing of evil seed. Repent. Purg. Don't wait until your hidden sins come out as psychoses, neuroses and convulsions.)

Looking forward to our nation, with one divorce for every four marriages, Christ affirms that when a man marries a woman, he marries her body and her soul; he marries the whole person. If he gets tired of the body, he may not thrust her body away for another, since he is still responsible for her soul. So He thunders: "You have heard." In that expression, He summarizes the jargon of every decaying civilization. "You have heard—Get a divorce; 'God does not expect you to live without happiness.'" Then came the But: "But I tell you, that the man who puts away his wife, makes an adulteress of her, and whoever marries her after she has been put away, commits adultery." What matters if the body is lost? The soul is still there, and that is worth more than the thrill a body can give, more even than the universe itself. He would keep men and women

The Life Of Christ

pure, not from contagion, but from desire; to imagine a betrayal is in itself a betrayal. So He thunders: "What God then, has joined, let not man put asunder." No man! No judge! No nation!

Sin vs. Environment

Next Christ laid hold of all those social theories which say that sin is due to environment, to Grade B milk, to insufficient dance halls, to not enough spending money. Of them all, He says, "You have heard." Then comes the But: "But I tell you." He affirms that sin, selfishness, greed, adultery, crime, theft, bribery, political corruption, come from man himself. The offenses result from his own will, and not from his glands; he cannot excuse his lust because his grandfather had an Oedipus complex, or because he inherited an Electra complex from his grandmother. Sin, Christ says, is conveyed to the soul sometimes through the body, and our body is moved by the will. In war against all false self-expressions, He thunders out His recommendations of self-operation: "Cut it off." "Cut it out." "And if thy right eye is the occasion of falling, cut it out and cast it away from thee; better to lose one part of thy body than to have the whole cast into hell . . . And if thy right hand is the occasion of falling, cut it off and cast it away from thee; better to lose one of thy limbs than to have the whole body cast into hell." Men will cut off their legs and arms to save the body from gangrene or poisoning. But here, Our Lord

transfers circumcision of the flesh to circumcision of the heart. He advocates letting out the life blood of our beloved lusts and hewing our passions to tatters rather than be separated from the love of God which is in Him, Christ Jesus.

Modern Day "Revenge"

Next, Christ talks of our modern attitude of revenge, hatred, violence, expressed in those sayings of everybody: "Get even," "Sue him," "Don't be a fool." He knows them all, and of all of them He says: "You have heard that it was said, 'an eye for an eye and a tooth for a tooth.'" Then comes the awful but: "But I tell you, that you should not offer resistance to injury. If a man strikes thee on thy right cheek, turn the other cheek also towards him. If he is ready to go to the law with thee over thy coat, let him have it and thy cloak with it. If he compels thee to attend him on a mile's journey, go two miles with him of thy own accord."

Why turn the other cheek? Because hate multiplies like a seed. If a Communist commissar preaches hate and violence to 10 men in a row, and tells the first man to strike the third, soon the hatred will eventually envelop all 10. The only way to stop this hate, would be for one man, say the fifth in line, to turn his other cheek. Then, the hatred ends. It is never passed on. Absorb silence for the sake of your Saviour, Who absorbs your sins and dies for them. The Christian law is that the innocent shall suffer for the guilty.

(To be continued tomorrow)

The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

Bobby Sox

Hemingford, Neb.

To the editor of The Lincoln Star: Does anyone think a teacher should go to church on Sunday wearing bobby sox? It seems as if, when they are paid \$275 or \$300 a month, they could at least wear stockings to church. I wonder if we are not getting just a little too easy. I for one have a daughter who has taught for 20 years and I surely would not want her to think of doing this if she were in her 20's. Those I have observed were past their 20's. I am sure the children want their teachers to look nice.

When a school meeting comes along, we should put in home owners, not renters. I feel that renters do not give school affairs much thought.

A MOTHER

Lincoln, Neb.

Fluoridation

To the editor of The Lincoln Star: In the matter of fluoridation of our city water, we are still relying on old Dr. Philom to keep our teeth in shape, partly because we sort of like the chap, and partly because there is a diploma on his office wall that says he has had certain training, and has acquired some skill in such things; and he also has a license.

But they tell us we live in a world of change, and that soon we will be completely taken care of in our new city tooth enamel clinic by certain employees of our water department who have acquired a high degree of skill in the use of the monkey wrench.

Hoot Mon!

W. HARRIS

Diagonal Streets

Lincoln, Neb.

To the editor of The Lincoln Star: Last week City Engineer Erickson reported to the City Council that there wouldn't be any resurfacing of Lincoln streets because there were no funds for that purpose. The reason was that all the street funds had been used for diagonal streets. This situation could be bungling by the City Council, spending all the street funds for the nonsense of diagonal streets. What was the necessity of these lanes? A thrill for the drivers on these thoroughfares?

B. S. KECK

One Fence, Two Sides

Anselmo, Neb.

To the editor of The Lincoln Star: It is getting a little more difficult each day to follow the reasoning (?) of our present administration. Our President has said the Republican must win on what they do, but the professionals shake their heads at such a scandalous idea and say they must win on what the Democrats didn't do.

Then the administration said they were going to let the farmers make their own farm bill. They would find out exactly what the farmers desired and give them a real farm bill. Secretary Benson and President Eisenhower visited with farmers and claimed they discovered what farmers wanted and had exactly all the answers. But today Secretary Benson says it will not do to let farmers vote on what legislation they would like. What has changed his mind? He thinks "inefficiency" is what causes the farmers' troubles; that they must learn how to raise more (or less) and not depend on supports. How does he stand on supports for industry? Does he contend that any industry that wants supports or tariffs is simply showing inefficiency? Which side of the fence is he on, anyway?

M. S. DAILY

Home Safety

Lincoln, Neb.

To the editor of The Lincoln Star: One hundred and seven persons died accidentally in Lincoln and Lancaster County during 1952 and 1953. Sixty-four or 59 per cent of these deaths resulted from home accidents. Nineteen were traffic fatalities and 24 from other types of accidents. It is estimated that an av-

Fluoridation

Lincoln, Neb.

To the editor of The Lincoln Star: The famous philosopher, John Stuart Mill, in his essay on "Liberty" states that "the sole end for which mankind are warranted, individually or collectively, in interfering with the liberty of action of any of their number, is self-protection. The only purpose for which power can be rightfully exercised over any member of a civilized community against his will is to prevent harm to others."

Fluoridation of our city water would be interfering with the liberty of action of our population. To refuse to fluoridate our city water will not harm anyone, since fluorides are easily available for those who think they need them for their children.

HELEN RICHARDS COOK

New Word

Lincoln, Neb.

To the editor of The Lincoln Star: I learned a new word today—"catalyst." I think we should have known it before and perhaps worked it a little harder. Let's all get behind that "catalyst" and see what we can do about getting this tax business boiled down somewhat. I, too, would like to ask a question: "Why does furniture get more valuable the older it gets?"

Of Men And Things

By J. E. LAWRENCE

If there is to be a free world for human beings, nothing is more important to it than a stout defense of the right to dissent. There is nothing more deadening, nothing more dangerous to the progress of civilization itself than standardization of thought.

Creative Thought's Contribution

Back to Nebraska came Dr. R. G. Gustavson, former chancellor of the University of Nebraska, to deliver the C. W. Poynter lecture in Omaha to members of the College of Medicine Alumni Association. With traditional foresight and frankness, Dr. Gustavson pointed a finger at what has become in fact and truth a chilling threat to the greatest asset the American people possess. That is, the mechanization which in its onward rush could destroy the creativeness which has flamed so brilliantly throughout all the years of American history is not the product of accident. It is the inevitable fruit produced by the free mind, by the mind granted the right to explore, to reflect, to reach conclusions on the basis of research and reason.

"There is a growing demand for conformity and a denial of the right to dissent," Dr. Gustavson told his Omaha audience. "Mechanization tends to force people to act en masse in an assembly-line type of living, and it has begun to force people to think en masse. Civilization begins to disintegrate when we force everybody to think alike. We have a right to disagree and to explore new ideas. Crush this and no longer can we handle the problems we are trying to solve."

We have before us at this time the blighting consequences of the insistent demands for conformity. Time and again visitors from abroad, discerning men and women, express their surprise when they gaze upon this country. It is so young by comparison with other regions and other civilizations—so young and yet so majestic in accomplishments—so mighty—so resourceful—so great.

Over the long pull when the American people awaken fully to the threat to that type of existence which they have chosen deliberately, there need be no fear of the ultimate outcome. We are free and powerful not because a generation no longer living wrote words into a Constitution intended to establish the foundations of freedom. We are free because successive generations which followed understood the requirements of a free mind and with unflinching fidelity proceeded to see to it that no buff, chill wind, no temporary emergency, no short span of years would strip them of their heritage. Near the close of his life, the philosophical Jefferson put it forcefully. He was within a few months of death when in the fresh, clear air of his beloved home, writing to a friend in the sunshine of a warm afternoon, he pointed out that the permanence of democratic ideals and the tools that give expression to them were not the responsibility of any single generation of Americans but had to be understood and had to be given force and vitality by every generation entering upon the responsibilities of mature citizenship.

If This Be Paradise

Let it be said often in this broad land that if America is to continue to be the country we love and cherish, then the right to dissent is indispensable to America's creative spirit. Let it be said that the spark of individual intelligence, the fire of individual conscience, the zeal to build better and better year after year have given to this nation its greatest accomplishments.

POSTCARD

May heaven bless you this morning. And may all your children be CPAs. To tell you the truth I see no other way for us all to stay out of the cuffs of the Johnny Nabs.

I am in the midst of my quarterly bookkeeping. The gentleman who tots up the profit and the loss is making a survey. He surveys me from under narrowed lids, a glance as sharp as his pencil point.

"What are these deductions?"

"Why, sir," I said, "they are, as you see, deductions. I give the man my check. And he deducts."

"What man?"

"The man at Hanno's Happy Haven," I said. "You see sometimes I do not have the wherewithal for a nut brown ale. There are other times when I am short of the ready and the gentleman cuffs me for a fin-o."

"And you give him your paycheck?"

"Who else?" I said sharply. "Do you think I would give it to a bank?"

Well, this is the way I have run my bookkeeping for many a year. And many a journalist before me. It was a simple life of barter. Unencumbered by the stern accountings of the Internal Revenue's titling-men.

You are paid on Friday. On Wednesday afternoon you pawn your watch. Thursday you take a moderate loan from the trustful alchouse. Liquidate on wealthy Friday. Live high on Saturday. Monday broke. Wednesday start all over again.

"Where are the receipts?" said the keeper of my keys.

"Locked in my heart," I said. "Having paid my honest fee and received my honest goods, it would be insulting to ask a guarantee of the fact in writing."

"I wish you luck," he said. "Alcatraz is filled with unrecipited honesty."

I will remember, dear hearts, when the friendly banker let me have a check book again.

"I am doing this only as a favor to you," he said. "Please, please, keep a record of what you write."

He showed me how easy it was. "Here is the check," he said. "Now right opposite it we have put a stub. Isn't that clever? Now when you write a check, you write the same amount on the stub. Then you subtract. See?"

"Why it is perfectly simple," I cried.

I kept the stubs perfectly for a week. Maybe two weeks. Then one day I noted the amount of the check on the back. On that cardboard they put behind the checks.

vertised in the journal that it had assets of millions."

Well, that is all a part of the golden past now. When life was a happy matter of credit and cash, give and take. And a banker, in the goodness of his flinty heart, would give you a pocket checkbook to maneuver.

Nowadays I must have a three-deck checkbook. And a pencil engineer to run it. My paycheck goes swooping into the bank and I rarely feel the crisp green. All I see is the figures of what happened to it.

Omaha Council Denies Action On Tax Boosts

OMAHA (P)—The City Council issued a leaflet declaring the council had nothing to do with the increase in Omaha taxes.

It made its appearance just a week ahead of the city election in which five councilmen seek to be returned to office. The leaflet asserts the council cut all the levies it could. Printing of the leaflet was done by the city's printing department.

NU Requests Bids For Tutor Building

Bids for the estimated \$1 million Teachers College High School at the University of Nebraska will be called for at 2 p.m. Tuesday, April 27, it was announced.

The new high school, to be located on the north side of Vine, West of 15th, will be built with funds available from the state's 10-year institutional building levy.

Plans call for classroom, gymnasium, and auditorium units. The new building will provide for about 250 students. It is hoped that the building will enable the college to increase its high school program by two grades, seventh and eighth, making a six-year program. The new structure will make room in the present Teachers College building for some of the college classes which are now meeting in temporary buildings.

Third Atomic Sub Among 30 Ships Navy To Build

65,000-Ton Carrier Also In New Plans

WASHINGTON (AP)—A third atomic submarine and a third 65,000-ton aircraft carrier of the Forrestal class are included among 30 ships the Navy will start building during the year starting July 1.

Rear Adm. B. E. Manseau, acting chief of the Bureau of Ships, outlined the construction plans to the House Armed Services Committee. He said the new construction all will be done by private shipyards because the Navy wants to keep "a nucleus of private yards skilled in the construction of large combatant types."

The nation's first atomic submarine, the "Nautilus," which was launched early this year, should be completed soon, Manseau said. A second, the "Sea Wolf," is under construction.

Other new craft to be started during the year, he said, will include two attack submarines and five destroyers.

In addition, the Navy plans to start conversion of 17 existing craft to various types of vessels, including four aircraft carriers, a guided missile submarine and one assault helicopter transport.

A 1950 law authorizing a total building program of 41 ships and 99 smaller craft covers all the Navy's plans except 16,000 tons. The law specified an over-all ceiling of 350 million dollars.

The committee approved authorization of the additional 16,000 tons and agreed to raise the cost ceiling to 500 million dollars, because of increased construction costs.

Students Strike

BEIRUT, Lebanon (INS)—More than 100 students in the American University in Lebanon went on a hunger strike Wednesday "until the cabinet resigns" in protest against the government handling of student demonstrations Saturday. The Lebanese cabinet met to discuss the situation in which the students demanded release of 35 students arrested when they clashed with police to protest the Turkish-Pakistani pact and the U. S. economic aid pact with Lebanon.

Privy Construction Demonstrations Will Be Held Here

The City-County Health Department will conduct demonstrations of privy construction in areas where there are no sewer lines, Lester A. Sanger, director of the sanitation division has reported. He discussed the plan at a meeting of the Lincoln-Lancaster County Community Advisory Health Council Wednesday noon in the YWCA.

Where sewer lines are available, he said, people will be expected to connect to it. He also said that a co-operative plan for fly control has been worked out with the city park department. The operation will be much like last year only enlarged.

85th Birthday Fete Set At 1st Presbyterian

First Presbyterian Church will celebrate its 85th anniversary Sunday with a full day of activities beginning with special services at the regular morning worship hours.

Church members for more than 50 years will be honored at a noon dinner at the Cornhusker Hotel to which all members of the congregation have been invited. A considerable number of persons have been continuously in membership of the First Presbyterian Church since before 1904.

Lloyd Marti will serve as master of ceremonies for the occasion. A public reception will be held from 5 to 7 p.m. at the church. This will afford an opportunity to meet the many persons who have given so many years to the service of the church and who have been faithful members through the many years.

Since celebration of its 50th and 75th anniversary, First Presbyterian has held a formal recognition of its anniversary date each five years.

The committee in charge of this year's celebration is Dr. G. W. Rosenlof, Colton S. Smith and Dr. C. Vin White.

State-County Meet

Hall County commissioners conferred with State Engineer L. N. Ress to assure coordination of highway construction by the state and county. The board is planning an immediate construction program that will give rigid, dustless surfacing to some of the more important county roads.

REA Effect Upon Rural Nebraska Related By Curtis

WASHINGTON (AP)—Rep. Carl T. Curtis (R-Neb) cited figures to show "the tremendous effect the REA program has had on rural Nebraska."

In 18 years, said Curtis in his weekly newsletter, "the number of Nebraska farms with central station electric service increased from 9,544 to 101,407."

"Nearly all Nebraska farms with electricity have radios and electric irons. . . . In addition, there are 70,000 electric washing

Randall, Gavins Point Work Under One Organization

OMAHA (AP)—Construction of Fort Randall and Gavins Point Dams on the Missouri River will be carried out from now on under one area organization, Col. Thomas J. Hayes III, Omaha District Army Engineer said.

The enlarged subdivision to be called the Fort Randall area, will be headed by George Evans, who has been in charge of building the Fort Randall dam near Lake Andes, S. D., since it started in 1946. John Hays, who took over the Gavins Point project on the Nebraska-South Dakota line in 1952, will supervise Gavins Point under the new area engineer.

machines, 38,000 electric water pumps, 20,000 electric water heaters, 18,000 electric chick brooders and 11,000 home freezers now in use on Nebraska farms."

Reds Cut Prices

MOSCOW (AP)—The Soviet government announced price cuts ranging from 5 to 45 per cent on a few foods and numerous consumer goods in state retail stores. It was the seventh consecutive price reduction since the end of World War II. There were no cuts announced on meats, vegetables and liquor. Prices of some of these articles were reduced last year.

VIENNA (INS)—Communist Czechoslovakia has announced that the cost of consumer goods and services will be slashed up to 50 per cent effective April 1.

Sargent Irrigation Funds Included On Request List

Work Would Start After July 1

WASHINGTON (AP) — President Eisenhower Wednesday asked Congress for a supplemental appropriation of \$1,825,000 to make possible the start of work on five Bureau of Reclamation irrigation projects.

1. For the Bluff unit in Wyoming, \$157,000.
2. For the Heart Butte unit, in North Dakota, \$300,000.
3. For the Helena Valley unit in Montana, \$250,000.
4. For the Sargent unit in Nebraska, one million dollars.
5. For the Humboldt project in Nevada, \$118,000.

The White House said the money is necessary to start work on these projects during the fiscal year starting July 1.

New Projects

In House appropriations testimony released Wednesday Reclamation Commissioner W. A. Dextheimer said the bureau had proposed a supplemental budget request of nearly 25 million dollars for six new irrigation projects.

Dextheimer said this included \$7,150,000 for new projects,

about 16 million for going projects, a million for general investigations and \$300,000 for an emergency fund.

Earlier Wednesday a senator, who asked that his name not be used, said he understood at least a part of the proposed supplemental request had been initiated. Presumably he referred to the \$1,825,000 request made by the president.

In Dextheimer's testimony, given last month, he said funds for new starts would be made on the following projects:

- Sargent, in Nebraska, \$1,000,000; Hanover-Bluff, in Wyoming, \$450,000; Glendo, in Wyoming, \$2,000,000; Bostwick-Love-well dam in Kansas, \$1,350,000; Heart Butte, in North Dakota, \$350,000; and Yellowstone, in Montana, \$2,000,000. The bureau also planned to request \$400,000 for its transmission division.

Dextheimer listed other "going projects," for which money beyond that requested in the regular budget for the year starting July 1 would be asked. They included:

- Frenchman-Cambridge, in Nebraska, \$750,000; Bostwick, in Kansas and Nebraska, \$1,700,000.

\$70,000 Preston Rural Church Dedicated

Dedication services were held recently for this new Bethel Evangelical United Brethren Church near Preston. Two congregations, St. Paul's of Preston and Zion, united to build the \$70,000 rural church. The three services attracted a total attendance of 1,160 persons. The Bethel congregation numbers 120 members. Constructed of

brick in a modified colonial style, the church contains the worship area which seats 250, kitchen, dining and meeting

area equipped with stage, and restrooms. The Rev. George Schrenk is the pastor. (Photo Special to The Lincoln Star)

Actor Marlon Brando's Mother Dies; Lived On Nebraska Ranch

PASADENA (AP)—Mrs. Marlon Brando Sr., mother of the stage and screen actor, died in Huntington Memorial Hospital Wednesday after a brief illness. She was a native of Omaha.

Both the hospital and a spokesman at the home of her sister, Mrs. Oliver Lindemeyer, declined to state the nature of the illness. The hospital said it was her second visit to the hospital because of it.

The mother, Mrs. Dorothy Brando, and her husband, came here for a visit at the sister's home from their home in Mundelein, Ill.

Her actor son was at the sis-

ter's home Wednesday. Other survivors include two daughters, Mrs. Frances Loving of Mundelein and Mrs. Eliot Asinoff, New York City.

Private Services

A family spokesman said the funeral would be private.

Mrs. Brando's theatrical prominent son was born in Omaha. A movie studio biography of Marlon says of her: "It was in Omaha that his mother had been an actress with the community playhouse, an experience which colored the interests of the family circle and which undoubtedly led Marlon later to choose the theater as a career."

When Marlon was six, the family moved to Evanston and later to Libertyville, Ill.

The Brandos spend about six months each year in Nebraska, residing on their ranch near Brewster in Blaine County. They have been frequent Lincoln visitors, guests of Mr. and Mrs. L. R. Doyle. Mrs. Brando and Mrs. Doyle were schoolmates. Mr. Brando is a University of Nebraska alumnus where he was a member of Sigma Chi fraternity.

'54 Wheat Show Set For Ogallala

OGALLALA, Neb. (AP)—The 1954 Nebraska State Wheat Show will be held in Ogallala in October.

Keith County Agent Fred Schmidt said he had been notified by Leslie Sheffield, secretary of the Nebraska Grain Improvement Assn., that Ogallala's bid for the show had been accepted.

McCook and Sidney also bid for the show.

This is the first time the annual show has been held in Ogallala. Though a definite date has not been set, sponsors hope it can be staged Oct. 21.

Services At Humboldt For David Wittwer, 64

HUMBOLDT, Neb. — Burial services were held here for David E. Wittwer, 64, former longtime Humboldt resident. He died at Tempe, Ariz., where he had resided for more than two years.

Surviving are his wife, Jessie; a daughter, Mrs. Vernon Yause of McLouth, Kan.; two sons, Ronald of Humboldt and John of DuBois; a brother, three sisters and four grandchildren.

Basin Inter-Agency Group Hears Young

Ag Re-organization Explained

DES MOINES (AP)—A spokesman for the U.S. Department of Agriculture told the Missouri Basin Inter-Agency Committee Wednesday its "constructive and persistent policy is finding substantial expression in national policy."

The speaker was Gladwin E. Young, deputy administrator of the department's soil conservation service and a former Nebraskan. He was one of several who addressed the 72nd meeting of the committee.

The organization is composed of representatives of 10 states bordering the Missouri River. The committee's objectives are flood control, and soil and water conservation in the basin.

Two governors attended Wednesday's one-day meeting. They were Sigurd Anderson of South Dakota and William S. Beardsley of Iowa. The committee meets periodically in one of the states represented.

Young, discussing Department of Agriculture reorganization, emphasized that the basic policy toward land, water and forest resource conservation and development has not been changed.

Young said also that the reorganization placed the soil conservation service "in a stronger position than ever to give sound constructive service to farm people through their soil conservation districts."

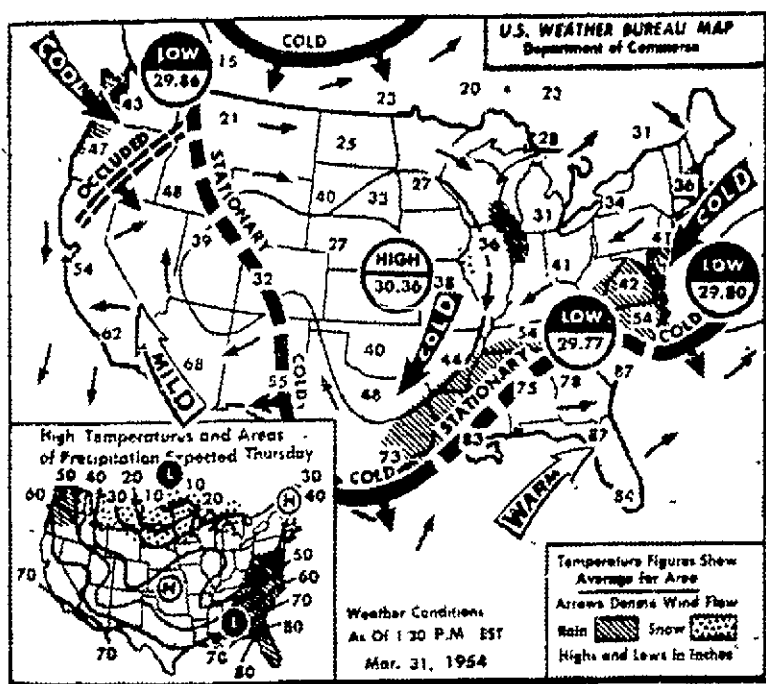

Wildlife Stressed

Bruce Stiles, director of the Iowa Conservation Committee, told the committee wildlife resources should be given high priority in plans for the development of the Missouri basin.

He said more than 32 million Americans last year paid the states more than 74 million dollars for building and fishing licenses. Stiles added that it has been estimated these licensees spent 10 billion dollars on their sport last year.

Reeves discussed the procedure for Federal Power Commission licensing of hydropower developments. In fiscal 1953, he said, annual fees ranged up to \$203,338 paid by the Montana Power Co. for the use of Indian lands. The total collected for the year was \$1,506,000.

Reeves said that in fiscal 1952 the commission issued licenses for hydro projects having a total installed capacity of about 1,400,000 kilowatts and a total construction cost of about 364 million dollars.

Variety Will Spice Thursday Weather Menu

Showers are forecast Thursday for the Pacific northwest and the south Atlantic coastal states. Snow is predicted from

the northern Rocky Mountain states across the northern plains states into the upper Great Lakes region. It will rain in the Virginia, Maryland and Delaware areas, possibly becoming mixed with snow in Tennessee, Kentucky, West Virginia, Ohio, Pennsylvania and New Jersey. (AP Wirephoto Map.)

Nebraska News

Contests May Break Records

Preliminary registration indicates that the 37th annual Vo-Ag Judging contests will break all past records, says M. G. McCright, acting chairman of the vocational education department at the University of Nebraska.

There are 125 schools planning to attend with 867 teams comprising a total of 2,238 entrants for the two-day event, Friday and Saturday.

Five sections will be held Thursday afternoon with 98 teams entered in crops judging and identification. The first section of dairy cattle selection is also scheduled for the first afternoon with 52 teams entered as well as dairy management, 67 teams; poultry judging, 74 teams; and meats judging, 52 teams.

At the largest section of the contests 120 teams have registered for the animal husbandry section Friday morning. Other sections and the number of teams entered include: tractor maintenance, 30 teams; farm carpentry, 13; metals, 30; farm machinery, 40; soil conservation, 12; dairy products judging, 47; crops and soil management, 101; farm management, 80; and dairy cattle selection, section 2, 51 teams.

Oil Wells Substantiate Woman's Faith in Western Nebraska Area

SIDNEY, Neb. (AP)—For 44 years, Mrs. Effie Hatcher maintained that "this country must have something more in it than rocks and rattlesnakes."

And at 80, Mrs. Hatcher can look forward to security because her faith in the land has at last been justified.

Oil was discovered on her property last September.

Now from her window Mrs. Hatcher can see three producing oil wells in the midst of her wheat fields.

Mrs. Hatcher and her husband, J. C. Hatcher who died 10 years ago, came here in 1910 and homesteaded on 640 acres. In the midst of a drought, it took sunup to sunset work to eke out

'Common-Sense' Drive Established By Demos

OMAHA (AP)—Nebraska Democrats' finance committee has set up a campaign fund under the title "Operation Common-Sense."

The title is a take-off on Gov. Crosby's "Operation Honesty," a campaign to promote full reporting of personal property for tax purposes, which the Democratic finance committee blasts.

NU Lists Prize, Award Winning Students Who Will Be Cited

More than 385 students will be honored for high scholarship at the University of Nebraska Honors Convocation Tuesday, April 6, at 10:15 a.m. in the Coliseum.

Forty-eight seniors possessing superior scholarship will be individually honored on the stage of the Coliseum. The speaker will be Dr. James A. McCain, president of Kansas State College.

The names of the superior and high scholars will not be revealed until the day of the program.

Also approximately 600 students will be honored as winners of prizes and awards at the University during the past year.

The winners of prizes and awards include:

- Alpha Zeta Medal (Agriculture)—Addison B. Maunier, Lincoln.
- Monte Robert Baker and George Vernon Goodins Memorial Award (Agriculture)—Fred Smith Jr., Pirth.
- Elia Husted Finkle Scholarship (Agriculture)—Donald E. Beck, Fremont.
- Hogers Memorial Scholarships (Agriculture)—Rella C. Swanson, Waverly; and Lloyd D. Van Vleck, Clearwater.
- Charles Stuart Memorial Scholarship (Agriculture)—Howard P. Nelson, Bertrand.
- Arthur W. and Viola Thompson Scholarship (Agriculture)—Lloyd D. Van Vleck, Clearwater.
- Dr. Kenneth E. Wirth Memorial Scholarship (Agriculture)—Bernard K. Heuerman, Phillips.
- Mrs. Sarah Ladd Woods Scholarship (Art)—Helen C. Haerer, North Platte.
- Missouri Valley Intercollegiate Athletic Association Scholarship Award (Athletics)—Clifford H. Dale, Falls City.
- Jane Sarah Welch Scholarship (Bacteriology)—Shirley M. Pollock, Lincoln.
- Alpha Kappa Psi Citizenship Award (Business Administration)—Eldon E. Park, Lincoln.
- Delta Sigma Pi Scholarship Key (Business Administration)—Robert Bell Johnson, Council Bluffs.
- William Gold Keys (Business Administration)—Dorothy A. Bacon, Lexington.
- Walter C. Brest Jr., Dalton.
- John C. Chappell, Minden.
- Robert A. Plummer, Doniphan.
- Israel M. Goodman, Spencer, Mass.
- Robert J. Hawke, Lincoln.
- Patricia A. Morgan, Lincoln.
- Allen L. Overcash, Lincoln.
- Shirley M. Pollock, Lincoln.
- Frederick J. Saxthoff, Nance.
- Sol B. Stuss, Omaha.
- O. N. Magee Memorial Scholarship (Business Administration)—Patricia A. Morgan, Elwood.

'53 Bumper Year For Road Work In Custer County

Lincoln Star Special

BROKEN BOW, Neb.—Last year was a good year for road improvement in Custer County. Approximately 85 miles of county road and 117 miles of mail route road were graveled. Highway Commissioner Gif Davis and Bridge and Gravel Commissioner E. J. Eichelberger have revealed.

Davis pointed to "the very favorable weather conditions" as a major factor in the bumper year. Size of Custer County presupposes a major road problem. An area of 2,592 square miles coupled with distance to gravel pits requires a large budget to meet the requirements. Last year nearly a half million dollars were earmarked by the Custer County Board for road use.

Licenses Approved

The Liquor Commission announced it has approved package liquor and on-and-off sale beer licenses for Lily B. Fitzgerald at the Stratton Hotel, 103 North Locust St. Grand Island.

Decker, Meierhenry Drop From List; Meeting Is Set

The state Normal Board will hold a special meeting here Saturday in an effort to select a new president for Chadron Teachers College to replace Dr. Wiley Brooks, who resigned several months ago.

Secretary E. Albin Larson announced that F. B. Decker, state superintendent, and W. C. Meierhenry, of the Teachers College faculty at the University of Nebraska, have requested that their names be removed from consideration for the post.

Meierhenry had made formal application earlier and Larson said he gave only personal reasons for withdrawing.

Decker did not make application for the position although his name has been frequently mentioned as a possibility. He is a member of the board by reason of his official position and Larson said his name had not been considered at previous meetings at his own request.

More prominent of those said to be under consideration, all of whom have had personal interviews with the board, are: Supt. Barton L. Kline of the Beatrice schools; Dr. Maynard Bemis, Laramie, Wyo., and Dr. Kenneth Collier, Muncie, Ind.

Dr. Allen P. Burkhardt, superintendent of the Norfolk schools, discussed the presidency with the board although he had not filed as a formal applicant.

Five late applications were considered briefly at the last board meeting and may be given further consideration Saturday, Larson said. There were 25 applicants for the position.

Dr. Miller Heads School Commission

Dr. Floyd A. Miller, director of supervision and curriculum in the Nebraska Department of Public Instruction was elected chairman of the Commission on Secondary Schools of the North-Central Association at its annual meeting held in Chicago.

He succeeds Dr. Lowell P. Fisher of the University of Illinois.

The secondary commission is one of three commissions which make up the North-Central Association of colleges and secondary schools. This commission is responsible for accrediting high schools and has as its purpose the improvement of secondary education in the 19 states served by the association.

Dr. Miller is the new chairman of the Nebraska North-Central State Committee and was a recent appointee to the general committee of the cooperative committee of secondary schools standards in Washington, D. C.

Dr. Miller has been a staff member of the Nebraska Department of Public Instruction for the past eight years.

Four Syracuse Places Robbed

SYRACUSE, Neb. — County Sheriff Ken Wiles reported three safes broken into and \$200 and two cartons of cigarettes missing after burglars entered four business houses here.

Places entered, the sheriff said, were the Hauschild Motor Company, Claude Masters tavern, Syracuse Farm Equipment Company and Syracuse Fuel and Lumber Company.

At each place the burglars gained entrance by using a pipe wrench to break cylinder locks on the doors, the sheriff reported.

Wiles said about \$186 was taken from the Hauschild firm, cigarettes were missing at the tavern, between \$10 and \$21 was taken from the lumberyard safe, \$18.41 was stolen from the farm equipment company cash register and only about \$1 in change from that firm's safe.

Visitor From Hawaii

Mrs. Helen A. Atkinson has been a very happy hostess the past few days—she has been entertaining her brother, Frank M. Kreidler of Honolulu, T. H., who arrived last weekend, and who leaves today to

YOU'D better watch all of your p's and q's today—it's April Fool's day and we don't want P. T. Barnum to be righter than he is—But April Fool's day or no April Fool's day, we have news that involves guests, a party or two—home-comers—a word or so from the crib crowd—and that about does it for the morning.

HEAR that Mr. and Mrs. L. R. Doyle were a couple of days behind schedule on their homecoming—The Doyles, as we told you last week, were due in on Monday, but didn't arrive until last evening. Mr. and Mrs. Doyle, as you know, have been spending the past several weeks on the west coast—and stopped at Las Vegas, Nev., and Denver en route home.

WEDNESDAY evening also brought Mr. and Mrs. John H. Ames home from a holiday spent in various interesting spots in Mexico

HOME soon will be Mr. and Mrs. H. B. Cather who have been trekking around considerably since they left Lincoln several weeks ago—Mr. and Mrs. Cather spent some time in Arizona while on their way to the west coast where they visited their son and daughter-in-law. Mr. and Mrs. Myers (Bud) Cather and their family in Woodland Hills, Calif.—They paused briefly for a visit with friends in Whittier, Calif., and

here and there throughout the state. Plane-ing to California the other day to drive his parents home was Howard B. Cather Jr.

HEARD that Mrs. John W. Sinclair boarded a plane Monday evening and was bound for New York City where she will meet Mr. Sinclair who has just returned from a year's stay in Greenland where he was associated with a construction firm.

Mr. and Mrs. Sinclair will spend several days in New

York before coming to Lincoln where they will be the guests of Mrs. Sinclair's mother, Mrs. I. R. Dana, until Mr. Sinclair receives his new assignment.

HERE IS more news involving Mrs. I. R. Dana—She entertained 10 guests at a bridge party and dinner supper Wednesday evening at her home, in courtesy to her sister, Mrs. Martin Marhenke of Sheridan, Wyo., who has been spending the past few days in Lincoln. Mrs. Marhenke,

who leaves today to return to her home, arrived last Saturday in time for the anniversary dinner of the La Jole de Vie club.

MENTION of guests reminds us that Mr. and Mrs. Ray Johnson have house guests—Mrs. Johnson's 94-year-old mother, Mrs. W. J. Nixon, and her sister, Mrs. Rose Nixon Pryor, both of Detroit, who arrived Tuesday in Omaha where they were met by Mrs. Johnson and her daughter, Charlotte

FROM Waterloo, Ia., comes news of the birth of a daughter, Lois Alvina, to Dr. and Mrs. Robert Bailey, formerly of Lincoln, on March 6. While in Lincoln Dr. and Mrs. Bailey and their daughters, Doris, Jane and Margaret, resided in Colonial Village.

An announcement of more than casual interest is made this morning by Mr. and Mrs. George W. Moyer of Fremont who tell of the engagement and approaching marriage of their daughter, Phyllis, to Alain Paoli, son of Monsieur and Madame Paul Paoli of Algiers, Algeria.

Plans have been made for a civil and church ceremony in Algiers in April.

Miss Moyer is studying painting in Paris this year, having received a Woolley Foundation art award. She was graduated from the University of Nebraska where she is a member of Delta Gamma Sorority and Phi Delta Phi, national art society of which she served as president. Miss Moyer also attended the Kansas City Art Institute, Kansas City, Mo.

Monsieur Paoli, a recipient of a French government scholarship, is studying sculpture at the Ecole Supérieure de Beaux Arts in Paris. He is a graduate of the Ecole Supérieure de Beaux Arts in Algiers.

PTA's Plan Fun Nights

BETHANY PTA will hold its annual Fun Night program Friday evening at the school when the pupils, their parents and residents of the community are invited to attend a "Space Academy."

The evening will open with supper served at 5:30 o'clock in the Flying Saucers cafeteria, under the direction of Mrs. Garland Shields, Mrs. Elmer Yates and Mrs. Charles Hem-bree.

Mrs. William Graver and Mrs. Jack Critchfield are co-chairmen of the program which will include a variety of games and booths: Roaring Rockets, Mrs. William Lutes; Rocket to the Moon, Mrs. Dean James; briefing room, Mrs. Loyal Lawson; "quartermasters" supply depot, Mrs. Gerald McCord; Solar System relics, Mrs. Paul Hood; Space hats and helmets, Mrs. Dayton B. Chapman; "cadet" fingerprints, Mrs. Joseph B. Bovey; classroom pictures, Mrs. John Shipp;

Members of the board of PRESCOTT PTA met Monday evening at the home of Mrs. Roger D. Charles and discussed plans for the group's annual Fun Night program to be held April 20 in place of the regular monthly PTA meeting.

A committee was appointed to select PTA life membership recipients, and plans for attending the state convention were discussed.

Assisting Mrs. Charles as hostesses were Mrs. J. L. McMaster, Mrs. James McKelvey and Mrs. George W. Marshall.

The Brides' Book Says:

Included among the spring brides-elect whose weddings will take place early in April is Miss Marjory Ann Rich who will become the bride of Pvt. Robert J. Delaney on Saturday, April 3, at the Second Baptist Church.

Miss Rich, was honored at a pre-nuptial courtesy on Wednesday evening when Miss Marvel Christensen entertained a group of guests at her home. Following an informal evening, gifts were presented to the honoree.

Miss Donita Bell, whose marriage to Lyle Lindamood will be solemnized on Friday, April 2, was complimented on Tuesday evening when Miss Alice Burns, Miss Pat Toko, Miss Darlene Taylor and Miss Laurie Pike were hostesses at a miscellaneous shower at the home of Miss Burns. Eighteen guests were invited for the shower and an informal evening.

In courtesy to Miss Ruth Scheerer, who will become the bride of Marvin Broadbent of Broken Bow on Sunday, April 11, at a ceremony to be solemnized at Vine Congregational Church, Miss Mary Ann Schlegel and Miss Joan Joyner will be co-hostesses at a personal shower Thursday evening at the home of Miss Schlegel. Miss Schlegel and Miss Joyner will attend Miss Scheerer as bridesmaids.

On Sunday evening, Miss Joyner again will be a hostess honoring Miss Scheerer when she entertains with her mother, Mrs. Newell Joyner. The affair will be held at the Joyner home and a miscellaneous shower will be presented to the bride-elect.

Also included among future courtesies for Miss Scheerer will be the informal dessert supper on Monday evening when Mrs. Wilson Field will entertain a small group of guests at her home.

Plan Flower Show

One of the June highlights on the calendar at the Belmont Garden club of which Mrs. Charles Palmer is president, and George Spreier, vice-president.

On Tuesday evening the members of the flower show planning committee, of which Mrs. Palmer and Mr. Spreier are co-chairmen, met at the home of Mr. Spreier to discuss the show.

In the picture, left to right—seated—are Mrs. Henry Reifschneider, Mrs. Palmer, and Miss Dorothy Holtorf. Standing is Mr. Spreier.

THE STAR WELCOMES:

Capt. and Mrs. Maurice Alston who, with their three sons Eddie, eight; Michael, five, and David, 20 months old, have just arrived from Topeka, Kan., to make Lincoln their home for at least a few years, or so they hope. Capt. Alston served in World War II, and was deep in his studies of veterinary science at the University of Georgia, when he was recalled into the service. He thinks that since—with his current and his past years of service—eight in all—he might just as well stay with Uncle Sam until retirement. At that time, he thinks, if he chooses to go back to school he probably will be attending classes with his sons. During the captain's second tour of duty the family has resided in Puerto Rico and Topeka.

Chillicothe, Mo., isn't too far away, but moving bag, baggage and family from any place to another is hard work. But Mr. and Mrs. Russell D. Sering are

slowly recovering from the tremendous chore of counting pieces of baggage—and noses. The Serings have three sons and two daughters—Jacqueline, 15, is the oldest—next comes Cheri Lynn, who is seven; Russell Jr., five; Stephen, three, and 11 months-old Robert. Cheri and Russell Jr., however, are not in Lincoln at the moment, nor will they be until the end of the school year. When Mr. and Mrs. Sering knew they were moving to Lincoln, the two youngsters were sent to Mr. Sering's parents in Crawfordsville, Ind., to remain until the rest of the family was moved and settled. Mr. Sering is a member of Elks club, the American Legion, and the V.F.W. Mrs. Sering tells us that she did join the V.F.W. auxiliary down in Chillicothe—but has had no time to attend meetings.

We're happy to welcome Mr. and Mrs. R. D. Sering to Lincoln this morning, too. Mr.

and Mrs. Soper have come from Omaha, and plan to be here permanently, they hope. Mr. Soper, so we hear, is with the Nebraska Inspection Bureau, and he and Mrs. Soper are residing at 140 So. 30th St.

Puerto Rico seems to be much in the news this morning—we have just learned that T/Sgt. and Mrs. Tony C. Martinez know Puerto Rico, too. In fact, Mrs. Martinez was born and reared there—and it was there that she met the Sergeant who was on an army assignment. Mrs. Martinez hasn't mastered the English language as yet, but Sgt. Martinez told us that their five-month-old daughter's name is Ramona—that he has been in the service 11 years—and plans to remain in the army.

There's a welcome this morning for Mr. and Mrs. Marvin Kalvado who arrived from Arlington, Va., a few days ago, and a welcome, also, to their small daughter, Linda, aged two. Mr. Kalvado was with the post office department in Washington D. C., and has been transferred to Lincoln. Mrs. Kalvado is a Vermonter, and met her husband while careering in Washington during the war.

By JOHN M. HIGHTOWER
WASHINGTON (AP)—President Eisenhower declared that the free nations should be prepared to meet any kind of Communist attack against Southeast Asia because of that area's great value to the free world.

He did not completely rule out the possibility of using some American forces under a plan of limited action.

In the light of the President's

comments at a news conference and Secretary of State Dulles' heavy emphasis on the vital importance of Southeast Asia in a speech Monday night, the impression is growing here that the United States will eventually become more deeply involved in the Indo-China War than it now is.

Discussion over moves that might be taken to assist the native Indo-Chinese and French forces to stand off the Reds

spread to Congress. Sen. Douglas (D-Ill.) said the United States should get the forces of Pacific free nations into the fight if they are needed.

'Grave Threat'

President Eisenhower discussed the situation when he was asked to comment on Dulles' statement of Monday night that the loss of Southeast Asia would be a "grave threat" to the free world and that the free nations should take "united action" to meet the threat.

The President endorsed Dulles' statement without reservation and explained his own views in terms which not only covered Southeast Asia but also other local or limited conflicts which might arise in the future.

He made clear that the "new look" or "massive retaliation" policy which the administration has laid down as the heart of its

grand strategy for opposing Communist expansion does not by any means preclude the fighting of small wars. But it does heavily stress the importance of the United States not becoming involved in those conflicts with any very great commitment of forces.

The President, who had studied Dulles' speech Saturday in advance of its delivery, said that as usual he and his secretary of state found themselves in complete agreement. He said Dulles pointed out that it was through the united action of all nations affected by events in Southeast Asia that Communist encroachment can be successfully opposed.

Dulles likewise pointed out, the President said in words which considerably sharpened this point of the Dulles speech, that united action means that the free nations should be prepared to meet any kind of attack that would come in Southeast Asia because of the region's great value to the free world and what its loss would mean.

Wagner Speech Slated

Lancaster Co. Atty Frederick Wagner will be principal speaker Thursday at the annual steak dinner of the Lions Club at Crete. The GOP gubernatorial candidate will talk on "Tax Reform."

Methodist Church Drive Is Planned

OMAHA (AP)—A campaign will begin Thursday to raise funds for a million-dollar church to replace the First Methodist Church which was destroyed by fire Jan. 11.

The Rev. E. Wesley Perry said that a site for the new structure has not been selected. Insurance of \$356,000 on the old church will go toward the new one.

Reserve Officers Group Shown Naval Center

The operation of the Lincoln Naval Reserve Training Center was shown the Lincoln Reserve Officers Association, largely composed of Army and Air Force reservists, Wednesday night.

The officers heard Commander C. W. Fisher describe the center and the training job it does and were then conducted on a tour of the classrooms and training facilities.

The host for the meeting was the Naval Reserve Surface Division 9-145, commanded by Lt. E. F. Jenkins. The division demonstrated training devices in addition to regular class work.

Nebraska Retail Business Up Some In February

Despite recession talk, retail business in Nebraska during February held its own with the same month of last year, and showed a slight gain over January.

Statistics compiled by the department of business research of the University of Nebraska's College of Business Administration showed Wednesday that retail sales for February this year were one-half of 1 per cent ahead of February, 1953, and 2 per cent better than January of this year.

Among Nebraska cities, February retail sales were strongest in McCook, Beatrice, Kearney, Scottsbluff and Norfolk.

The report covers 12 principal cities and rural areas in counties. The city-by-city comparisons of business in February compared with the same month last year include: Omaha down 0.9, Lincoln down 2.0, Grand Island down 10.2, Hastings down 10.4, Fremont down 5.3, Scottsbluff up 3.0, Kearney up 6.2, Beatrice up 12.2, Norfolk up 1.4, Nebraska City down 1.1, McCook up 14.6, Chadron down 0.4.

The comparisons of February this year and last among counties include: Antelope up 10.2, Cass up 6.8, Chase down 6.8, Cuming up 11.5, Dawes up 2.8, Dodge Fremont up 4.8, Franklin up 7.8, Grant-Hooker down 7.2, Kimball down 8.0, Pawnee down 6.7, Thayer down 17.0, Valley down 12.5, other counties up 1.9.

The comparisons of business in February as against January this year, by cities, include: Omaha down 3.3, Lincoln up 0.2, Grand Island down 2.0, Hastings up 26.1, Fremont up 0.1, Scottsbluff even, Kearney down 5.1, Beatrice down 1.8, Norfolk down 1.1, Nebraska City down 4.6, McCook up 13.5, Chadron down 2.9.

The February-January comparisons by counties include: Antelope up 9.2, Cass down 0.4, Chase up 6.2, Cuming up 11.9, Dawes up 13.0, Dodge Fremont up 1.3, Franklin down 2.9, Grant-Hooker down 14.8, Kimball down 9.7, Pawnee down 8.1, Thayer down 7.8, Valley down 29.7, other counties up 9.8.

DeLacy Speaker At Law College Honors Dinner

George L. DeLacy of Omaha, former president of the Nebraska State Bar Association, will address members of the University of Nebraska College of Law at their annual honors dinner Thursday evening at the Cornhusker Hotel.

A highlight of the evening's program will be the presentation of awards to students for outstanding achievement during the year, including announcement of the 1954 members of the Order of The Coif. The Order is a national honorary law society membership for which is allowed on the basis of high scholarship.

Chiefs' Hitters Pound Galveston To Win 9-3

By NORRIS ANDERSON
Sports Editor, The Star

GALVESTON, Tex.—The sun-tanned Lincoln Chiefs, acclimated to the 80-degree sunshine of their spring training base at Corpus Christi, ran into wintry blasts here Wednesday night, yet managed to win a 9-3 victory over the Galveston White Caps.

A 35-mile northern wind whipped into the teeth of the batsmen and the Andy Bush thermometer read a chilly 42 as the Chiefs bunched 15 hits to coast to an easy win over the Big State League team.

After Norm Brown and Andy Bush had shut out the White Caps for seven innings, the home guard finally produced three runs in the seventh on a four-hit barrage off Roger Wright.

"I just didn't have any anti-freeze in my throwing arm," grinned Wright. The White Caps picked him for a single, two doubles and a triple, but it was minor business as the Chiefs had already amassed an eight-run cushion.

Now boasting a 2-1 record in exhibition play, the Chiefs next meet Texas City there tonight. Since Texas City is only ten miles from Galveston, Wietelmann is hoping for warmer weather.

"I know it's important to get used to cold weather," said Wietelmann after General Manager Bill Herring had informed him that snow covered Sherman Field earlier in the week, "but we don't want to risk any sore muscles."

A walk, a Galveston error and a double by Jim Fairchild produced a pair of Lincoln runs in the second. The Chiefs added two more in the fourth on another White Caps error, a double by Larry Neal and Moose Womack and a single by Fairchild.

Gordon Bragg toured in the sixth as he walked, reached third on Fairchild's single and came home on Eugene Castiglione's single.

The Chiefs cut loose for three runs in the seventh. Gordon Bragg drove in two of them with a sharp single to center while Fairchild's single punched home the third.

Singles by Fairchild, Andy Anderson and James Zapp added up to a Lincoln "icer" in the ninth.

"I was pleased with our hitting, especially since the batters were facing a strong wind," Wietelmann commented. The pitchers looked good also for such cold weather.

Norm Brown, the Western League's top pitcher last summer, allowed only one hit in his three innings on the mound. He worked easily and was never in difficulty. The second pitcher, Andy Bush, gave up two singles in the fifth, but set the side down in order in the fourth and sixth.

Third Baseman Larry Neal, putting together two singles and a double, forged into the plate lead among the Chiefs. In three exhibition games, Neal now has six hits in 13 times at bat.

Galveston, a 10-9 winner over the Denver Bears of the Western League Tuesday night, is rated one of the top powers in the Big State League.

Against Texas City tonight, Wietelmann will split the mound duties among a trio of right-handers—Charles Griffith, Vance Carlson and Don Straub.

Herring arrived and joined the Chiefs at Galveston shortly before game time. He and Wietelmann went into a long huddle after the game.

Pat O'Connor, the sometimes smiling Irishman who somehow came from New Zealand, comes to the Fairgrounds Tuesday night to earn another piece of that yearly reward he receives for mat work.

The talented college athlete who now weighs 232 and carries it well will earn it the hard way against Hans Schmidt and Hans Hermann, two leaders in the unpopularity championship of American professional wrestling.

Handsome Pat will be assisted by Jack Pesek in the team wrestle match which headlines the Arena card of Prof. Adam Krieger.

Ivan Rasputin will take on Dave Simms in the opener and Father Joe Krceji and Son Bob will handle the arbitrating.

Handsome Pat will be assisted by Jack Pesek in the team wrestle match which headlines the Arena card of Prof. Adam Krieger.

Ivan Rasputin will take on Dave Simms in the opener and Father Joe Krceji and Son Bob will handle the arbitrating.

George Sauer, ex-Nebraska football star and present Baylor gridmaster, was in Corpus Christi the other day to speak for an alumni group. . . . George thinks the Huskers get a good athletic director in Bill Orwig.

Cornhuskers' Bills Talk It Over
Two Bills who will be directing the University of Nebraska's football fortunes next fall got together Wednesday at a Chamber of Commerce Public Affairs Luncheon. Head Grid Mentor Bill Glassford (left) and new Athletic Director Bill Orwig probably found plenty to talk about. (Star Photo.)

Ike Keeping Up On Sports, Says Little

By WILL GRIMSLEY
NEW YORK (AP)—President Eisenhower, an athlete himself, is not losing touch with sports despite his many national and international problems, a close friend said Wednesday.

"It's remarkable the way the President has retained his keen interest in almost every sport with the big load he's carrying," said Lou Little, veteran football coach of Columbia University.

"Just to be able to sit around and talk sports with old friends seems to be a form of relaxation and rejuvenation for him."

Little recently was a guest at one of the President's stag lunches which have become a periodic feature at the White House.

The guests usually include a dozen or so associates of the Chief Executive—a flight captain, hotel owner, cattleman—but there's always a prominent sports figure in the group.

A week ago it was Earl (Red) Blaik, head football coach at Army, and before that Ed Dudley, Ike's favorite golf professional at Augusta, Ga., and Little, Ben Hogan, Bob Jones and others have been on the list.

"It's a very informal sort of get-together," Little said. "I only wish thousands of others had the opportunity to sit down like this and listen to the President talk on various subjects—sports, national affairs and things in general."

"For me, it was the most enlightening and informative experience I have ever had."

The Columbia coach said that at these stag affairs everybody sits around and chats a while before dinner and here is where the President's enthusiasm for sports manifests itself.

"The President will berate himself for missing a golf shot and he'll ask Dudley about his slice," Little added. "He'll discuss football techniques like a coach."

"He was a coach, you know. After playing at West Point, he coached at Ft. Meade. I think it was. He knows the inside of football very well. I used to enjoy discussing the game with him when he was president at Columbia."

Little said the one characteristic that most impressed him about the President was his grim determination.

Lakers Win First Series Tilt 79-68
MINNEAPOLIS (AP)—A fast third period sent the Minneapolis Lakers off to a 1-0 edge in the National Basketball Assn. championship series as the Lakers won 79-68 from Syracuse before 4,579 fans Wednesday night in the opening game of their best-of-seven series.

The Laker triumph pulled the Syracuse playoff streak to an abrupt stop after six straight victories in the NBA's intricate playoffs.

Orwig Predicts 'Great' Future; 'Players' Spirit Good—Wagner

By BILL FITZGERALD
Star Sports Staff Member

Coach Bill Glassford thinks his next Nebraska football squad has a better chance for a successful season than any Husker team since the club which came close to the Big Seven title in 1950.

The head coach of the Cornhuskers Wednesday told an audience at a Lincoln Chamber of Commerce Public Affairs Luncheon he thinks he and the players "now are working hand-in-hand" that great progress was made during spring training "not only in football techniques but also in morale."

and that he and his assistants are looking forward eagerly to the coming season.

He described the schedule as tough.

Bill Orwig, the new University athletic director, in his first state talk said that the athletic future of Nebraska will be great. He urged that "petty jealousies and personal interests be forgotten" and that all work toward a better future.

Special guests were the Huskers who will play for Glassford in his sixth season at the University. Their spokesman Wednesday was Bob Wagner, senior guard and letterman from Lincoln, who emphasized Glassford's comment that the spirit had been good among the players during the recent 20 days of spring practice.

Wagner added that "If spirit can do the job in 1954, the job will be done."

The appearance of unity in the Husker football family was augmented by the presence of Max Kitzelman, lone member of the revolving players of the past winter who had not returned to the squad for spring drills.

Kitzelman had spent the spring with the University wrestling team, but rumors that he would not play football next fall prevailed.

A policy of recruitment of athletes was promised by Glassford who said he would seek boys who are primarily interested in obtaining an education and who can play football on the Big Seven level.

He stated that future Husker players will be sought within Nebraska, and from bordering areas. This procurement policy, which he described as "aggressive," will be operated in keeping with the conference rules, he said.

The policy of emphasizing the procurement of academically sound students for the football team was emphasized by Glassford's hope that the present players work hard the remaining months of this semester to attain eligibility for the coming season.

Several players have been on thin ice since the release of first semester grades.

Orwig arrived in Lincoln Wednesday morning. He and his family will move here April 15.

Acting Chancellor John "ellick" Charles to take care of. We'll take them one at a time. If we win, then we'd be interested in Cockell — at the proper terms. Of course we'd have to have the go ahead from Jim Norris (president of the International Boxing Club).

"London? It doesn't make no difference as long as the terms are right," added Weill.

Cockell, winner of eight in a row, was ranked fifth and LaStarza fourth in the list of contenders before Tuesday night.

Don's prospects were brightened by Tommy Jackson's knockout of third-ranked Dan Bucceroni in New York Monday night. Bucceroni had been in line for a September title fight.

Cockell Talks Title Go While DeAngelo Rages Over Decision

LONDON, (AP)—Don Cockell's chances of getting a heavyweight title fight in September grew warmer Wednesday as Roland LaStarza's manager still raged over the decision and the Briton's low blows in the ten rounder Tuesday night.

The 25-year old Cockell, British and British Empire heavyweight champion, was warned three times for low punches. He won the decision in a close fight.

"We were given a lecture before the fight and everything we were told not to do. Cockell did and was allowed to get away with it," said LaStarza's manager, Jimmy DeAngelo.

"I protested to the chairman of the British Boxing Board of Control but could get little satisfaction. I intend to inform the commissioners in the States and tell them our side of the story."

"Cockell will have to fight Roland again," added DeAngelo. "I suggest it be held in a neutral place. LaStarza is ready to meet him anytime."

"Things look favorable for me," said Cockell.

Huskers' Mallette Stopped By Mumps
Nebraska's baseball squad may have lost an important player for the six-game trip to the southwest starting April 7.

Pat Mallette, left-handed hitting first baseman and right handed pitcher, was confined with mumps.

Trainer Paul Schneider thought Mallette had not been among the squad during the period of contagion but he said the disease is prevalent on the campus at this time.

Schneider added that Mallette probably will be confined seven to 10 days and probably will miss the trip.

Coach Tony Sharpe was worried that other members of his team will contact the disease and miss the important pre-conference games.

His squad looked sharp Saturday in an intrasquad game and the Husker coach was counting on the games against Tulsa, Houston and the University of Texas as conditioners for his team which will return to face strong Big Seven opponents in late April.

Biff Giles, the experienced Alliance letterman, can play first base if Mallette is not available.

Left-handed hitting Larry Dunning, bidding for a first letter, played first some Saturday and is another possible replacement.

Marasco To Fort Worth
JACKSONVILLE, Fla. (AP)—Brooklyn has returned Outfielder Vic Marasco to Fort Worth of the Texas League on option. The Chubby Gardener had previously been sent to Vero Beach pending assignment.

Upstart Pirates Defeat Yanks In Florida Finale

ST. PETERSBURG, Fla. (AP)—The upstart Pittsburgh Pirates whipped the world champion New York Yankees 9-3 Wednesday, ending the Yank's worst Florida showing in the six years of Casey Stengel's reign.

Wednesday's loss was the 16th in 24 Florida games for the New Yorkers. Pittsburgh, a good bet to finish last in the National League, ended its Florida campaign with a 12-6 record, best of any of the 12 Florida-based clubs.

The Pirates put the game out of reach in the first inning when they scored five times against Bob Wiesler, a young lefthander. Wiesler walked four and allowed two hits in the inning.

Jim McDonald gave up three runs over six innings and Tom Gorman was touched for the final tally in the ninth.

Bob Purkey, a righthander, and Lefty Fred Green, both rookies, blanked the Bombers on six hits over eight innings. Green, who pitched the last four, walked the first three men in the ninth and Elston Howard, the Yanks' Negro catcher, pinch singled two home. A third scored on a bad hop hit by Joe Collins.

The Yankees got only two runners as far as third base in the first eight innings and one of them was thrown out trying to score. Bob Cerv walked and reached third on a single by Bill Skowron in the second. Irv Noren filed to Dick Hall and the centerfielder made a fine throw home to nail Cerv who tried to score after the catch.

Pittsburgh (N) . . . 900 021 091—9 8 0

Shea Wins For Nats

CHARLESTON, S. C. (AP)—Tom Wright homered and Pete Runnels tripled in a big, five-run sixth inning outburst as Washington blasted Cincinnati 9-2 Wednesday for the American League's second win in as many days over the Reds.

Frank Shea, working the first six innings for the Senators, puzzled the Cincinnati batters, who obtained only four hits. Yonny Dixon hurled the last three, al-

Links List 10-Tilt Baseball Schedule

Lincoln High Baseball Coach Bill Jensen has announced a 10-game schedule for the 1954 season and plan one more game which will be scheduled later.

The Lincoln baseball schedule opens April 13 with a home game against Omaha Tech. It includes a game with Northeast. One more Northeast-Lincoln game is to be scheduled later.

Bud Grosscup's baseball reserves have seven games scheduled and are seeking opponents for any open dates on Tuesdays and Friday, except for the week beginning May 12. The Lincoln schedule:

April 13—Omaha Tech; 17—Boys Town; 19—at Omaha North; 22—at Omaha South; 26—at Omaha Benson; 30—Omaha Holy Name.

May 6—at Omaha Central; 8—at Boys Town; 10—Northeast; 14—at Holy Name.

April 2—Panama; 6—Hickman; 14—Omaha Tech; 20—Panama; 22—at Omaha South; 28—at Omaha Benson; 30—Hickman.

Seniors Dominate Interclass Meet

The seniors won three of the first four events of the Lincoln High interclass track and field meet which opened Wednesday at the LHS Oval. The meet is scheduled to end Friday.

Junior Bob Lamphere won the 180-yard low hurdles to become the only non-senior winner. Wednesday results:

180-yard low hurdles—Won by Bob Lamphere (Jr.); 2nd, Bernie Randolph (Sr.); 3rd, Dick Jacobs (Sr.). Time—22.2.

120-yard high hurdles—Won by Bernie Randolph (Sr.); 2nd, Bob Lamphere (Jr.); 3rd, Dean Sell (Sr.). Time—17.8.

850-yard relay—Won by Senior team No. 1 (Dick Bond, Bernie Randolph, Frank Winter, Don Fickett); 2nd, Junior team No. 2; 3rd, Senior team No. 2.

Two-mile relay—Won by Senior team No. 1 (2nd Team); 2nd, Junior team No. 1; 3rd, Sophomore team No. 1. Time—8:4.8.

Win Church Cage Crown On Late Point Splurge

Westminster Presbyterian pulled away from Bethany Christian in the last three minutes and won the Class C Church League basketball championship Wednesday night, 48-32.

Piper scored 16 points for the champions while Roper hit 13 and Thompson 12. Ness scored 14 for the losers.

Indian Errors Hurt

HOUSTON, Tex. (AP)—The New York Giants regained their winning touch before a crowd of 8,232 in Buff Stadium Wednesday, defeating the Cleveland Indians 4-2 to make their record ninth out of 12 in their spring barnstorming tour with the tribe.

The Giants, who lost to Cleveland Tuesday, collected only four errors. Three of the New York runs were unearned.

Cleveland (A) . . . 000 020 000—2 7 4
New York (N) . . . 000 000 000—4 1 0
Newhouse, Niekirk (6) and Heenan; Hearn, Little (7) and Kati.
W—Hearn; L—Newhouse.

Staley Stars

COLUMBUS, Ga. (AP)—Star righthander Gerald Staley yielded only two hits in seven innings to help the St. Louis Cardinals to a 6-3 victory over the Chicago White Sox in an exhibition Wednesday.

Al Brazle, the Cardinals' ancient bullpen ace, preserved the Cards' third straight triumph and 14th in 22 games by choking off ninth-inning rally for the White Sox.

Chicago (A) . . . 000 000 003—3 6 1
St. Louis (N) . . . 300 120 006—6 8 1
Flanigan, Dorish (5) and Lollar; Staley, Walsh (3), Brazle (9) and Rice, Yare (7).
W—Staley; L—Flanigan.
Home run—Chicago, Lollar.

Five Cornhuskers To Texas Relays

These five Cornhuskers will compete this week end in the Texas Relays at Austin. From left, they are Cliff Dale, Falls City, shot put; Jim Hofstetter, Kearney, pole vault; Ken Reinert, Indianola, shot put; Phil Heidelt, Fairbury, high jump, and Charles Hunley, Falls City, javelin. It will be the first outdoor competition for the Cornhuskers. (U. of N. Photo.)

Optimistic Hutch Talks Speed

By JACK HAND
LAKELAND, Fla. (AP)—Manager Freddie Hutchinson hopes to tighten Detroit's defense, particularly its pitching staff, in an effort to equal or better last year's sixth place finish.

Rookies probably will man second base and center field when the Tigers open against Baltimore April 13 but the second base pitching still is weak and the catching department below par.

Frank Bolling, brother of the Boston Red Sox shortstop, looks like the second baseman and Bill Tuttle the center fielder at this writing, although both must pass the test against big league pitching.

Hutchinson, trying to be optimistic, thinks he has added speed in Tuttle and a tighter infield about the same team the

Circle Starts Fund Drive; Needs \$18,000

Circlet Community Theater members will open an \$18,000 fund-raising drive Thursday morning to help finance the purchase and remodeling of their new home at 18th and L.

The 10-day drive will be conducted through personal contacts and letters.

Circlet recently agreed to purchase Tifereth Israel Synagogue building for \$25,000. A new synagogue building is under construction at 32nd and Sheridan.

In addition to the purchase price, it will be necessary to spend \$10,000 for remodeling and \$7,000 for stage properties and fixtures, making a total of \$42,000.

During the eight years since its founding, Circlet has set aside a \$14,000 building fund. The group will be able to borrow \$10,000, leaving a total of \$18,000 to be raised.

A 25-by-28-foot stage will be constructed in the building. Other plans call for raising the floor, providing a sloping floor in both the main auditorium and balcony, and installing regulation theater seats.

Two dressing rooms will be constructed on the lower floor. Small rooms will be used to store properties and the main lounge and kitchen will be retained to use for the traditional Circlet coffee hours.

A major item of expense will be the rewiring of the entire building.

Circlet will be given possession of the building June 1 and hopes to have it ready to open for the 1954-55 season late in October.

Delta Tau Delta To Celebrate 60th Birthday Saturday

Active and alumni members of Delta Tau Delta fraternity will celebrate the 60th anniversary of the founding of Beta Tau chapter on the University of Nebraska campus Saturday night.

John Riddell of York will serve as toastmaster for the banquet to be held at the University Club. Speakers will include Adam McMullen of Beatrice, former governor of Nebraska and only living founder of the chapter; Col. Hobb Turner of Lincoln, and Ernest Hubka of Beatrice.

Special awards for outstanding service to the chapter will be presented to McMullen and Robert Manley of Omaha, first pledge of the chapter.

Members of Delta Gamma sorority will present a skit at the dinner.

Beta Tau chapter was organized in 1893 and received its charter in 1894. Among the 10 undergraduate founders were McMullen, Arthur Weaver, former governor of Nebraska, and George Denn, former governor of Utah. Walter Wright of Onawa, Ia., is president of the active chapter.

Veterans Hospital Employees Honored

The 20 and 30 year service employees were among those honored at the Lincoln Veterans Hospital. Receiving awards from Dr. J. Melvin Boykin, manager of the hospital (left), are (from left) Dr. Nat J. Wilson, 20 years service; George N. Rasmussen, 30 years; and Ernest Thomas, 30 years. Not pictured is Wilder A. Smith, 20 years. (Star Photo.)

Veterans Hospital Ceremonies Honor 37 Persons For Longtime Service

Thirty-seven persons were honored at service awards ceremonies at Veterans Hospital Wednesday and six received awards under the incentive suggestion program.

The awards were presented by Dr. J. Melvin Boykin, manager of the hospital. The service awards were for 10, 20 and 30 years in government employ.

Those receiving awards were:

10-Year Service Pins
Clement Martin, Herbert L. Helmick, Dr. Robert C. Hasty, Ernest C. Wilson, Dr. Stratford D. Firestone, James A. Bopp, Dr. Art. A. Kramish, Louis D. Martin, Glenn E. McCumb, Theodore Wimbler, Howard A. Rhea, John W. Heine, Herbert L. Verma, John H. Erickson, Lawrence R. Limbeck, Barbara A. Schneider, Chester F. Lininger, Carolyn G. Morey, Edward Zimmer, Amelia E. Bulwan, Dale D. Renaud, Gertrude M. Dixon.

20-Year Service Pins
Dr. Nat J. Wilson, George N. Rasmussen, Ernest Thomas, Max Baskins, Ernest Walters, Adolf W. Nielsen, Sustained Work Performance, Lyle E. Fredrickson, Grace I. Conitt, John Miller.

Notice to Dealers in Light Poles

Sealed bids will be received at the office of the City Clerk of the City of Lincoln, Nebraska, up to 10 o'clock a.m., Wednesday, April 7, 1954, for furnishing one carload of poles for the use of the City Light Department, in accordance with specifications for same on file in the office of the City Engineer. The City Engineer's estimate of cost of this carload of poles is \$23,000.00 f.o.b. Lincoln, Nebraska.

Each bid must be accompanied by a certified check in the sum of five per cent (5%) of the total amount of the bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all bids, and to waive any defect in bids.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received at the office of the City Clerk of the City of Lincoln, Nebraska, up to 10 o'clock a.m., Wednesday, April 14, 1954, for the crushed stone surfacing in Graveling District No. 132, being in 64th Street from Holdrege Street to Starr Street and Starr Street from 63rd Street to 64th Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of cost of this crushed stone surfacing is as follows: Crushed stone surfacing, in place, per ton . . . \$ 3.25
Total . . . \$ 3,250.00

Each proposal must be accompanied by a certified check for \$300.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Thirst-quencher or Satisfaction!

You're the one who decides what you really want in a beer. If you buy beer just as a thirst-quencher, any beer will do. But for pleasure and complete satisfaction, there's no substitute for Schlitz.

Schlitz is one of the finer things of life that everybody can afford. It gives more satisfaction to more people than any other beer.

Over 105 years of great brewing tradition assure you—

If you like beer, you'll love Schlitz.

The Beer that Made Milwaukee Famous

Remodeling has us
in a dusty mess

We're about
to flip our lid!

If you'll come take these
"in-the-way" things

You'll be
mighty glad you did!

BIG things are happening at **LAWLOR'S!**

... starting April 1st

Yes, the remodeling people have descended upon us. Walls are coming down, floors are coming up—and it's all we can do to keep from walking out. However, we're stuck for the duration—four or five months—after which we'll have for you the most modern, most beautiful store in town. Meanwhile, in order to keep our minds off the noise and confusion, we've decided to really live it up. We're going to toss merchandise at you like crazy—always providing, of course, that we can find the stuff after the remodelers get through moving it around. Since we didn't plan this sale when we bought this merchandise, the bargains you'll find here are right out of regular stock. We have to move these items to make room for remodeling, and that's the reason for our storeful of values. You're invited to join our Society of Sidewalk Superintendents. Come in and kibitz on the workmen—keep an eye on the progress of the job. While you're here, you may see something you would like to take home. And remember that for added savings, you may redeem Community Savings Stamps on these items.

To start things off...

Super-Constellation Will Replace Ike's Columbine

WASHINGTON (INS) — The White House says that a 400-mile-a-hour super-Constellation will replace the Columbine as President Eisenhower's personal airplane sometime this summer.

Diers Is Puzzled By Omaha Street Sign 'About Face'

Chairman William H. Diers says the State Board of Control is "wondering why the about-face" by the Omaha City Council in the matter of purchasing street signs.

The Council announced that the \$1,330 bid of the State Reformatory to supply 1,000 Omaha street signs was being rejected in favor of a bid \$370 higher.

The Council acted after State Federation of Labor President Gordon Preble challenged the right of the Reformatory to "even come in and bid." Preble said the city should not accept such offers "particularly at a time of so much unemployment."

But Diers declared the statutes "say that subdivisions of government shall, not may, buy where possible from the Penitentiary and the Reformatory."

"We put in a bonafide bid. We had been notified that we got the award. Now they are going to give the order to some firm that isn't even domiciled in Nebraska," Diers commented.

"We're wondering why, after we had been notified the award had been made," he added.

Supt. George Morris of the Reformatory said, when asked his opinion on the switch: "This Reformatory is running under the laws of the state to help the people committed here to become better citizens and, likewise, as an institution, to serve any tax supported agency or subdivision. That's our job and we'll keep on doing it," he emphasized.

The aircraft is one of more than 20 such planes being built by the Lockheed Co. in California for the armed forces. Each of the "super-Connies" costs about \$3,500,000.

Assistant White House News Secretary Murray Snyder denied published reports that the presidential plane's equipment will include a cocktail bar and television sets.

Snyder explained that in advance publicity a pantry shelf for food was mistakenly called a "cocktail bar." He added that while the equipment of the flying White House will include the latest radar and other electronic devices, there will be no provision for TV reception.

The White House spokesman said that aside from sleeping quarters, there will be no luxury touches to the "strictly business" plane.

House OKs \$5 Billion Funds Bill

'A' Weapon Program Gets Boost

WASHINGTON (INS)—The House passed and sent to the Senate a five billion, 566 million dollar appropriation bill providing a record sum for the atomic-hydrogen weapons program.

The money bill, providing funds for dozens of government agencies for the fiscal year starting July 1, gives the Atomic Energy Commission every cent it requested for the weapons program.

The AEC would get a total of one billion 190 million dollars including 321 millions for weapons and 740 millions for source and fissionable materials.

Weapon Variety

AEC Chairman Lewis Strauss testified at hearings on the bill that the U. S. plans not only an increase in the A-weapons stockpile but expects to develop the variety and versatility of such weapons.

In addition to the atomic funds, the bill contains three billions 799 millions for the Veterans Administration, two thirds of which would go for veterans' pensions and compensations.

Other large items are: 149 million dollars for the General Services Administration, 112 and one half millions for the housing and home finance agency, and 103 and one half millions for the Tennessee Valley Authority.

Passage of the bill came after the House defeated repeated attempts to increase funds for the TVA and one effort to add money for the Veterans Administration. These were the only major efforts to increase the amount in the bill.

Bridge Piling Catches Fire

A smoldering fire for a time Wednesday evening threatened a recently repaired bridge one mile south and a half mile west of Lincoln. Cause of the fire could not be determined.

E. W. Ekwall, a farmer who lives about two blocks west of the bridge said the structure had been completely overhauled and repaired four months ago. (Star Staff Photo.)

Israel's Need For Food Production Told By Jewish Federation Speaker

Israel's land must be cultivated to produce more food. For more food for her people means a strong people and a strong people means a strong country.

Mrs. Barbara Lawrence of Ann Arbor, Mich., speaking at the women's division of the Jewish Welfare Federation Wednesday at the Cornhusker Hotel, said that the bulk of the funds collected during the 1954 United Jewish Appeal will be used to extend Israel's agricultural potentialities.

She outlined three major tasks facing the federation and these include:

1. Liquidating the few remaining displaced persons camps in Europe and resettling the Jewish DP's in Israel.
2. Rescuing Jews from the North African countries where they are now in danger of losing their lives and raising their standards of living.
3. Maintaining the gains already made in Israel.

Mrs. Lawrence said the coun-

try desperately needs irrigation equipment to irrigate 40,000 additional acres, 15 to 20 additional agricultural settlements, and living facilities for about 20,000 more newcomers to Israel.

Chairman of the International Women's Groups and a former member of the advisory board of the federation, Mrs. Lawrence has traveled through Israel, the North African countries, and Europe to inspect at first hand the conditions facing the Jewish people.

She has been speaking on behalf of the United Jewish Appeal for the past 10 years.

Control Meet Urged

MELBOURNE (INS)—Australian Foreign Minister Richard Casey urged "an early meeting" of the U. N. Disarmament Commission to discuss world control of atomic weapons. "I know," he said, "that the United States and Britain would not use the atom bomb to launch aggression—but I have no confidence that aggression might not be launched by the Communists."

Tax Cut Taking Effect Today Provides For Refunds On Many Items Already Sold

WASHINGTON (AP)—The billion dollar excise or sales tax cut to take effect Thursday provides for refunds to sellers and purchasers on many items already sold, or in process of being sold before April 1.

Here is an interpretation of how the refund provisions will work prepared by tax technicians here but not yet passed upon by top Treasury and Revenue Service officials:

1. Admissions—Generally, the new rates apply to amounts paid for admissions to events which occur on or after April 1, 1954.

Season Tickets

In the case of season tickets or subscriptions, or payments for the permanent use of a box or a seat, or the lease of a box or a seat, the new rates apply, regardless of when payment was made, if all the admissions or performances are dated April 1, 1954, or later. That is, the seller of the tickets, subscriptions, box, seat or the lessor of them get a refund from the government under these conditions. Presumably he is free to pass on the refund to his customers or not to pass it on, as he prefers.

For other admission charges paid before April 1 for admission to an event on or after April 1 the seller may get a refund from the government only if he refunds the difference between the old and new taxes to the purchaser before the event for which the ticket was sold occurs, or if he gets the purchaser's consent before the event to file a claim for a credit or refund.

2. Manufacturers' taxes—The act permits a refund of taxes paid on inventories of refrigerators, quick freeze units, refrigerating and freezing apparatus, and electric, gas, and oil appliances held by wholesalers, jobbers, distributors and retailers for sale on April 1, 1954.

Must File Claim

To get such a refund, the manufacturer must file a claim for it before Aug. 1, 1954, and must also, before that date, reimburse the holder of the floor stock for the amount the manufacturer is claiming.

A similar credit for inventories may be claimed by manufacturers of electric light bulbs and tubes, if the manufacturer files a claim for credit or refund by showing that he has received, before July 1, 1954, a request for reimbursement from the holder of the inventory.

It appears that retailers could, or could not, as they chose, pass

on the refund saving to the public.

3. Communications tax—Generally, the reduction is effective on amounts paid on or after April 1, for services or facilities supplied on or after that date.

Lay-Away Sale

However, the new rates do not apply to changes in bills rendered before April 1 even if payment is made later than April 1.

The new rate applies to services furnished after Jan. 31, 1954, in cases where no bill was sent before April 1, 1954.

4. Lay-away, or will-call sales—An article is not considered sold before April 1, 1954, unless the buyer takes possession of it before that time or has the right to do so. In such a case, the new tax applies to the entire sale price, regardless of whether payments were made before April 1.

The new rates do not apply where a seller keeps possession of the merchandise only for the convenience of a purchaser who is entitled to take possession before April 1.

5. Installment purchases—The new tax rate applies to payments made after March 31, 1954, on an article sold under an installment payment plan before April 1, 1954. However, the old tax rate applies to payments made before April 1. This would mean that there would be no refund, for the difference in tax rates, on whatever part of payments made before April 1 was considered to have been payment of taxes. This would appear to leave it up to the merchant to make some refund or not to make it.

6. Safe deposit boxes—The new tax rate is effective on amounts paid for the use of boxes on or after April 1, 1954.

7. The new rate is effective for transportation that begins after March 31, 1954.

The act includes provision for a special credit or refund to the seller of transportation services, for transportation that begins after April 1, 1954, if the seller reimburses the buyer before the date the transportation begins, or gets the buyer's written consent to apply for a refund.

The credit or refund provision does not apply if any part of the transportation paid for, or for which payment has been ob-

- Extra strong sidewalls for complete low pressure safety and comfort. Easiest riding tires built.
- Easier steering — quieter running.

The world's most powerful force... **BUYING POWER** could not be developed by science!

No foreign spies have ever been able to steal America's greatest "secret" weapon. It is more constructive than the hydrogen bomb is devastating. It moves the world. Never "classified," it is known by millions for whom it has meant better living — it is buying power!

Buying power is the force which turns the wheels of mass production. It gives us necessities and luxuries. It makes possible better health, advanced education, expanded business.

In a large measure, American buying power was born with the expansion of consumer financing by companies such as Securities Acceptance Corporation.

The men who founded Securities Acceptance invested their savings and the capital of their stockholders in the faith that the American citizen will use his credit wisely and will meet his financial obligations in a businesslike way.

Securities Acceptance Corporation was started April 1, 1924... today is our birthday. A reputation for friendly

service has built our company, so that today we are the largest independent finance and personal loan company operating exclusively between Chicago and the Pacific Coast. We are proud to have helped to bring more buying power to the citizens of this community.

We will be pleased to offer you the use of our facilities.

Soviet Offers To Join NATO If Its Plan Okayed

MOSCOW (AP)—The Soviet Union Wednesday offered to join the North Atlantic Treaty Organization (NATO) if the Western Powers would join a Russian-sponsored European security system from which Germany would be barred.

As part of the same deal, the Soviet Union also called on the Western powers to junk their plan for setting up a European Defense Community (EDC) to which a re-armed West Germany would contribute troops.

An informed source said these were the main points of a 10-page

note on European security handed to the ambassadors of the United States, Britain and France by Foreign Minister V. M. Molotov at his office.

A French foreign ministry source also said the notes devoted a great deal of wordage to the horrors of any future war in this age of atomic and hydrogen bombs and the need for the great powers to act together to prevent war.

The Kremlin delivered the notes as the French Parliament bogged down in moves to ratify EDC and as the Western world reacted to new disclosure of the potential horrors of nuclear warfare.

The perils of the H-bomb were pointed out here recently by Premier Georgi Malenkov in an election speech.

The Army newspaper Red Star has been running a series of articles designed to acquaint Soviet citizens with atomic and hydrogen warfare and scientific advances.

'Could Destroy All'

These moves received considerable attention from Western diplomats here. They were especially impressed because Malenkov pointed out that the H-bomb could destroy all civilization—not merely the capitalist countries.

The new proposals mark a considerable departure from the stand taken by Molotov at the Berlin Big Four conference early this winter.

At that time the Soviet foreign minister suggested establishment of a European security system

which would have barred the United States from the continent. Under these plans Germany would also have been neutralized.

The new plan also calls for the neutralization of Germany but would permit participation of the United States in the European security organization.

Paris Comments

PARIS (AP)—A French foreign office source said the Soviet note to the Western powers requires careful study as "it represents a considerable modification of what the Russians put forth at Berlin."

This source said the note declared the Soviet Union "no longer has any objection" to the

United States joining its proposed European security system. He added:

"The Soviet Union is ready to examine in concert with the interested governments the question of the participation of the USSR in the Atlantic pact."

A foreign office spokesman said the note raised a number of questions.

One is that Molotov's proposals for a European security system appears to resemble the United Nations charter to a large extent.

The spokesman added that "the U. N. has not been working so smoothly because of the Russian veto power, so this idea requires a lot of explanations"

Bank Clearings Up Nearly \$1 Million

Lincoln bank clearings showed nearly a \$1 million increase for the first three months of 1954 as compared with the same period last year.

Clearings for the first quarter of 1954 were \$118,322,343.51 as compared to \$117,395,233.46 for the first quarter of 1953.

For the past month, Lincoln clearings totaled \$42,412,512.94 as compared to \$39,665,922.41 for March of 1953. The March 1954 clearings were also ahead of the \$35,825,723.94 total for February of this year.

Youth Given Three Years For Assault

Manke Admitted Hitting
Girl, 18, With Hammer

Don Adrian Manke, 18, of 400 So. 48th, has been sentenced by Lancaster District Judge Harry Spencer to three years in the State Reformatory for assaulting an 18-year-old girl with intent to do great bodily harm.

The former University of Nebraska freshman was charged in a Jan. 11 incident in which authorities said he admitted striking with a hammer Ruth Ann Scott of 521 So. 40th, while giving her a ride to the university in his car.

Manke had pleaded nolo contendere March 12 to the charge, altering an earlier not guilty plea.

Psychiatrist Testifies

During the morning-long proceedings, the defendant's attorney asked Judge Spencer to consider probation with proper medical treatment and called six character witnesses, the boy's father, and Dr. Paul Royal, a Lincoln psychiatrist, to the stand. Dr. Royal testified that an examination and continued treatment of Manke following the incident, he found "emotional and sexual immaturity" and said the youth "would respond to psychiatric treatment."

He described the act as "one of compulsion rather than schizophrenia" with "no abnormal mental condition." The youth was "dominated by an impulse, a irresistible impulse" which was "caused by loss of love and an inferiority complex rather than criminality."

Conflicting Opinion

Under questioning by the court, Dr. Royal said he anticipated no recurrence (of the youth's act) under psychiatric treatment.

Judge Spencer asked Dr. Royal if he was aware of a conflicting written opinion by another Lincoln psychiatrist as to whether Manke would be a good risk on probation while undergoing treatment.

"Was it an act of God or restraint on Don's part that the girl was not killed," asked Judge Spencer.

"I can't answer directly," said Dr. Royal. "There's no indication of self-restraint in the incident."

"That's what worries me," replied Judge Spencer.

'Not To Kill'

Called by the state attorney, Dr. James M. Reinhardt, University of Nebraska criminologist, said he believed there would be recurrences unless proper treatment was given and emphasized the "importance of the right psychiatric treatment."

In answer to a question by the court, Dr. Reinhardt said his opinion was the "overtact (in the assault) was not to kill."

In sentencing Manke, Judge Spencer said he would communicate to the Board of Control his suggestion that consideration be given to psychiatric treatment of the youth at a state institution.

The interests of this case are the protection of society with the least possible injury to the defendant, Judge Spencer said. "While incarceration will protect society, incarceration in itself will not help Don."

The Scott girl was in the courtroom but was not called to the witness stand.

Gas Firm To Sell \$40,000,000 Issue

OMAHA (AP) — The Northern Natural Gas Co. said it proposed to sell a new \$40,000,000 issue of debentures and use the proceeds to redeem a like amount of 4 1/2 per cent debentures issued last June.

Treasurer Harry H. Siert said that because of an improvement in interest rates since last June the company would realize a substantial saving on interest during life of the new issue.

The new issue will be sold in May, 1954, subject to approval of the Securities and Exchange Commission and state commissions involved.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Dr. Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Dr. Doan's gives happy relief from these conditions—helps the millions of kidney tubes and filters flush out waste. Get Dr. Doan's Pills today!

Miracle Cushion Holds False Teeth Tight and Firm

Eases
Sore
Gums

Smile Denture Cushions are a triumph of science, a sensational new plastic re-lining that gets rid of the annoyance and irritation of loose, badly fitting false teeth. Smile Cushions are made of a soft, resilient material that conforms to the shape of your mouth and holds your false teeth firmly in place—gives perfect comfort. Eat, talk, smile, laugh, play— Smile Cushions are the only false teeth re-liners that give you the feeling of natural teeth. Smile Cushions can last from 2 to 6 months. Stay soft and pliable—don't get hard and run plastic. Feel right, eat, smile, laugh, play. No daily bother with adhesives. Get Smile Denture Cushions today! It's the new way to wear your false teeth. Smile Cushions are sold in all drug stores. \$2.50. Money back if not satisfied.

TOKYO (INS)—The Japanese government was reported today to have made an outright demand on the United States that

the Pacific Ocean be declared
"off limits" for nuclear test ex-
plosions during the fishing season.

Management Opportunity

▲ Fast growing multi-million dollar national companies now start seeking persons for positions in connection for a huge expansion program in this territory. There will be a large and immediate need for managers and supervisors during the first part of 1954. This will present an excellent opportunity for ambitious and aggressive men who lack college education.

NOTICE OF SALE

\$17,600,000

Loup River Public Power District
NebraskaNebraska Public Power System Electric Revenue
Construction and Improvement Bonds,
Series D and Series F

NOTICE IS HEREBY GIVEN that the Board of Directors of Loup River Public Power District will receive sealed bids for \$17,600,000 Nebraska Public Power System Electric Revenue Construction and Improvement Bonds, Series D and Series F, of said District at a meeting of said Board to be held at the office of the District in Columbus, Nebraska, on

APRIL 7, 1954

at 10 o'clock, A.M. (Central Standard Time). Sealed bids for said bonds will also be received at the office of Messrs. Wood, King & Dawson, bond counsel for the District, Room 2300, 48 Wall Street, New York City, New York, on said date, until 11 o'clock, A.M. (Eastern Standard Time).

Said bonds will be issued for the purpose of constructing additional generating facilities and additional properties which will become a part of the Nebraska Public Power System and for other corporate purposes of the District.

The bonds will be dated April 1, 1954, of the denomination of \$1,000 each.

The \$10,000,000 Series D Bonds will mature serially in semi-annual amounts beginning on November 1, 1959, as follows:

Nov. 1, 1960.....	725,000	May 1, 1993.....	795,000
May 1, 1961.....	735,000	Nov. 1, 1993.....	810,000
Nov. 1, 1961.....	750,000	May 1, 1994.....	830,000

The maximum average rate of interest shall not exceed four (4) per centum per annum. Bidders for said bonds may specify any rate or rates in multiples of one-eighth of one per cent, no single rate to exceed four (4) per centum per annum; provided that not more than one interest rate may be specified for each semi-annual maturity. Interest shall be paid semi-annually May 1 and November 1 commencing November 1, 1954.

The bonds of each Series are subject to redemption as a whole on any date not earlier than May 1, 1957, or in part on any interest payment date not earlier than May 1, 1957, at the option of the District, or through operation of the Debt Service Fund created and described in the Bond Indenture. Except when redeemed from the proceeds of insurance or of cash sales of property or from amounts received in respect of property taken by eminent domain or from excess monies in the Improvement Fund or in the Debt Service Fund provided for in the Bond Indenture, the bonds of a Series are to be redeemed in the inverse order of maturities, and in case less than all the outstanding bonds of a Series of any maturity are to be redeemed, the bonds of such maturity to be redeemed shall be selected by the Trustee by lot in any usual manner selected by it.

In the event that any bonds of a Series are called for redemption, the redemption price to be paid in respect thereof shall be the principal amount thereof plus accrued interest thereon to the date fixed for redemption, plus a redemption premium equal to the following percentage of such principal amount:

If redeemed on May 1, 1957, and thereafter and on or before May 1, 1962.....	4.00%
If redeemed thereafter and on or before May 1, 1966.....	3.50%
If redeemed thereafter and on or before May 1, 1970.....	3.00%
If redeemed thereafter and on or before May 1, 1974.....	2.50%
If redeemed thereafter and on or before May 1, 1978.....	2.00%
If redeemed thereafter and on or before May 1, 1982.....	1.50%
If redeemed thereafter and on or before May 1, 1986.....	1.00%
If redeemed thereafter and on or before May 1, 1990.....	0.50%
If redeemed thereafter.....	0.00%

In the event the District should determine to redeem all or any of the bonds prior to maturity thereof, not less than thirty days notice of such intended redemption shall be given by publication of a notice in financial journals or newspapers of general circulation in New York City and Omaha, Nebraska.

Both principal and interest on the bonds will be payable in Chicago, Illinois, or in New York City at the option of the holder, and the bonds will be registerable as to principal only on books to be kept by the District at the offices of the Paying Agents in said Cities.

Bidders for the bonds shall submit their proposals on bidding forms to be obtained as stated below. All bids must be unconditional and without interlineation, erasure or change in said form.

No proposal for less than 98% of the par value of the bonds and accrued interest thereon from April 1, 1954, or for less than the aggregate principal amount of bonds to be sold, will be considered.

Definitive bonds will be delivered at the expense of the District at a bank in the City of Chicago, Illinois, or at the option of the purchaser said bonds will be delivered at a bank in the City of New York, New York, not later than April 30, 1954.

The bonds will be awarded to the highest responsible bidder offering such rate or rates of interest and complying with the terms of sale as will produce the lowest interest cost to the District over the life of the bonds after deducting any premium and adding any discount. The phrase "life of the bonds" shall be deemed to mean the period the bonds will be outstanding from the date thereof to their respective maturity dates. The term "interest cost" shall be deemed to mean the aggregate of the interest payable on all of the bonds over the life of the bonds as above defined less any premium offered or plus any discount.

As a condition to the consideration of any bid, the bidder will be required to deposit with the Treasurer of the District a certified or cashier's check payable to the order of the District, in the amount of \$252,000. The right is reserved to reject any and all bids. Checks of unsuccessful bidders will be returned promptly.

The District will furnish, upon the delivery of the bonds, the opinion of Messrs. Wood, King & Dawson, 48 Wall Street, New York City, Bond Counsel for the District, approving the legality of the bonds and the temporary bonds.

Copies of the Official Statement relative to the District and bidding forms may be obtained from the undersigned, or at the office of Wainwright & Ramsey Inc., New York City, financial consultants of the District. The District will daily adopt and supply the successful bidder with up to 2,000 copies of the Official Statement of the District, which will be amended to take into consideration the terms of the successful bid.

Dated: Columbus, Nebraska, March 25, 1954.

Encouraging March Reports Brighten State Employment View

March has brought signals of improvement in Nebraska's employment picture, new statistics indicated Wednesday.

The encouraging notes stem from a sharp drop in new claims for unemployment benefits, and a slight falling-off in the average weekly number of unemployed receiving such benefits.

The Unemployment Security Division of the State Department of Labor reports 2,116 new claims for

jobless benefits during the first four weeks of March, down about one-third from the 3,122 in February although still almost double the 1,186 for March of last year.

The average number of Nebraskans drawing unemployment checks each week this month has been 8,250, compared with 8,815 in February and 5,010 in March of last year.

Affecting the employment picture in Nebraska in recent months has been the "open winter," permitting work to con-

tinue with few interruptions on construction projects which normally would have to shut down because of adverse weather.

In February, total non-farm employment in Nebraska was reckoned at 341,300, compared with 335,400 in February of last year.

Thus, while unemployment claims were high in February, employment too was high—nearly 6,000 above last year.

This reflects, a spokesman for the Unemployment Security agency said, the growth, in num-

bers, of the labor force in the state.

The heavier employment in construction work has tended this winter to offset drops in manufacturing, transportation and communication employment.

Whereas 13,300 persons were holding construction jobs in February of last year, 18,400 were holding such jobs in the same month this year.

In the Omaha area, new claims for unemployment benefits hit a mark of 528 in the week ending

Jan. 8, but since then have fluctuated between 415 and 253. In the week ending March 19 there were 353 such claims.

Reports from major employers in the Omaha area anticipate no large layoffs, according to the state agency here.

In the Lincoln area, in the week ending March 5, there were 696 persons drawing unemployment benefits compared with 186 in the same week last year. By month's end, the week ending March 27, the number of claimants was

down to 452 compared with 142 in the comparable week of last year.

In the Scottsbluff area, new claims for jobless benefits were reported down 50 per cent from February.

In the North Platte area, new claims totaled 155 in January, 82 in February and only 55 in March.

AMERICA'S FAVORITE! ST. JOSEPH'S ASPIRIN FOR CHILDREN

Wool Knit
Stoles
Usually 4.95-6.95 **3.99**
All white, white with metallic threads, pink or blue knit stoles from which to choose.
